

# SUBJECT INDEX

Page references followed by *fig* indicate an illustrated figure; followed by *t* indicate a table.

## A

*Academy of Management Executive*, 618

*Academy of Management Journal*, 300, 307, 494

*Academy of Management Review*, 368

*The Academy of Management Review*, 556

Accountability, 256

Accounting, 180

“Accounting for Stock Options” (Bulow and Shoven), 501

*Accounting Horizons* (journal), 492

Achievement motivation theory, 447

Acquisitions, 698

Action plans: developing AI (appreciative inquiry), 159; obtaining approval for AI (appreciative inquiry), 159–160

Action triggers, 801

ADDIE model: career mentoring program use of, 539; early HPT movement use of, 20; HPT process models developed out of, 15

Adhocracy, 186

Affirmative action programs, 727

“Agency Problems and Residual Claims” (Fama and Jensen), 488

Aggregate performance measures:

comparing specific and, 489–491;

incentive plans using, 492–493

Alcan Smelters & Chemical Ltd. (SECAL), 101

Algorithms (or flowcharts), 349–350 *fig*, 359–360

Alignment of desires and work, 512, 554

Alliance for Employee Growth and Development, 101

“An Alternative to Traditional Appraisal Systems” (Edwards), 306

American Institute of Stress, 554

American Jobs Creation Act (2004), 486

American Productivity and Quality Center, 372

*American Psychologist* (journal), 303

American Society for Quality (ASQ), 419, 422

American Society of Training and Development (ASTD), 579

- Analytic needs assessment, 783*t*  
*Analyzing Performance Problems* (Mager and Pipe), 38, 52, 446, 494  
 Anatomy of performance (AOP) model, 259  
*Annual* (2006), 746  
 Antioch University, 519  
*Appreciative Inquiry: A Positive Revolution in Change* (Cooperrider and Whitney), 157  
*Appreciative Inquiry: change at the Speed of Imagination* (Watkins and Mohr), 153  
 Appreciative inquiry (AI): case studies on, 147–148, 161*t*–162*fig*; critical success factors for, 163; description of, 142–144; design and implementation of, 153–154*t*; disadvantages of, 152–153; five principles of, 148–149; 5-I cycle of, 153*fig*, 154*t*; 4-D cycle of, 142*fig*–144, 154*t*; HPT interventions compared to, 149–162*fig*; introduction to, 141–142; organizational issues reframed as topics of, 143*t*; positive psychology, positive organizational development applied to, 146–147; social constructionism theory applied to, 145–146; strengths and criticisms of, 150, 152; when to apply, 149. *See also* HPT Model: Appreciative Approach  
 Appreciative inquiry (AI) phases: 1: initiate (pre-contracting), 154–155; 2: inquire (discover), 155–157; 3: imagine (dream), 157–159; 4: innovate (design), 159–160; 5: implement (destiny), 160  
*Appreciative Inquiry Handbook* (Cooperrider and colleagues), 302  
*The Appreciative Inquiry Summit: A Practitioner's Guide for Leading Large-Group Change* (Ludema, Whiteny, Mohr, and Griffin), 153  
 Archival needs assessment, 782*t*  
 ARCS model of motivational analysis, 520–521, 522–523, 526, 527, 530–531  
 Artifacts, 726, 735–736*t*

*Authentic Happiness* (Seligman), 556  
 Authority transfer models, 273
- B**  
 Balanced scorecards, 258, 847  
 Baruch College, 234  
 Base salaries, 483–484  
 Basic Observation (Performance Pyramid), 52, 53*fig*, 69  
 Behavior: executive leadership coaching to modify, 646–669; mental model determining, 651–652; self-fulfilling prophesy and, 39. *See also* Motivation  
 Behavior engineering model (BEM): description of, 31–32, 731–732; elements of the, 33*t*, 732*t*; example of PROBE questions within, 33*t*–35*t*  
 Behavioral change: action taken for, 654–655; coaching and phases of, 652–655; cognitive-behavioral approach to coaching for, 650–652; contemplation phase of, 653–654; executive leadership coaching for, 646–669; maintenance and termination phase of, 655; organizational culture influence on, 722–723; pre-contemplation phase of, 653; preparation for, 654  
 Behavioral checklists, 230–232, 235  
 Behavioral Research in Creativity, 406  
 “Being an Effective Mentor: 101 Practical Strategies for Success” (Abbott), 638  
*Being First* (online newsletter), 406  
 Benchmarking, 253  
 Benefit-cost ratio (BCR): allocating resources according to, 826; calculation of, 827; KM's ROI (return on investment) and, 372–373; linking improvement to issues of, 425, 426*t*; measurement and management balance of, 270; of outsourcing, 686–687. *See also* ROI (return on investment)  
 Bethlehem Steel Company studies, 40  
*Beyond Change Management* (Anderson and Anderson), 393  
*Beyond Learning Objectives* (Phillips and Phillips), 835  
 Black-Scholes (1973) stock option formula, 486

## 882 SUBJECT INDEX

- Bonus pay schemes, 484–485, 491–492, 495, 496–499, 501–503
- Bonus systems, 442
- Boston University, 538
- Bow line knot (picture list), 354, 355*fig*
- Brigham Young University, 102
- British Journal of Educational Technology*, 585
- Broaden and Build theory, 147
- Brown bag lunch sessions, 595
- Budgets: Change Readiness Rubric role of, 404; definition of, 174–175
- Building the Collaborative Community* (Lippitt and Schindler-Rainman), 95
- Business Policy: Text and Cases* (Smith), 117
- C**
- California Management Review*, 373, 396
- Card sorts, 77
- Career counseling theory, 540–541
- The Career Development Quarterly*, 543
- Career management, 198
- Career mentoring. *See* Mentoring
- Case studies: AI (appreciative inquiry), 147–148, 161*t*–162*fig*; data collection using, 799–801
- Case Western Reserve University, 470
- Cash flow analysis, 174
- Catalog telephone order process map, 802*e*
- Caterpillar, 686–687
- Cause analyses: description of, 29–30; HTP model cultural analysis used for, 738; linking interventions to, 32, 35–44; producing worthy performance goal of, 30–31; profiling behavior using BEM framework, 31–32; quality control tools used during, 790; RCA (root cause analysis), 777. *See also* Gap analyses
- Center for Positive Organizational Scholarship (University of Michigan), 147
- Centre for Organisational Excellence Research (Massey University), 122
- CEO compensation, 496*fig*
- The Certified Quality Process Analyst Handbook* (2007), 419
- Change Handbook* (Holman, Devane, and Cady), 96
- The Change Leader's Roadmap* (Anderson and Anderson), 393
- Change management: assessing readiness for change, 393–398; Change Readiness Rubric for assessing, 398–416; demand on behavioral change in relation to, 394–395*fig*; description of, 392–393; driving and restraining forces toward change, 43*fig*; intervention selection and, 42*fig*–44; WIFFM (What's in it for me?) factor and, 742
- Change Process Model, 408*fig*–409
- Change Readiness Rubric: advantages and disadvantages of, 412–413; applications of, 407–409; description of, 398; elements and roles/responsibilities matrix of, 410*t*–411*t*; how to use the, 398–405; implementation of, 409, 411–412; methods of assessing/building readiness, 406–407; potential impact of omissions, 412; research findings on, 405–406; success factors for, 412
- Changing for Good* (Prochaska, Norcross, and DiClemente), 650
- Character building efficacy, 278
- Checklists, 354–356*e*, 357*e*, 361, 363
- Citigroup, 703
- Clinical decision support systems (CDSS), 328
- Coaching: executive leadership, 646–669; managerial, 275–298; for managing diverse employees, 752*t*
- The Coaching Manager: Developing Top Talent in Business* (Hunt and Weintraub), 278, 287
- Collaboration, 763
- Columbia University, 396
- Commission systems, 446
- Communication: diversity competency for multicultural, 753*t*; effective and affective, 521–527; executive leadership coaching, 656–657, 663; listening skills, 656–657, 663; mentoring and role of, 639; motivational, 515–534; synergy of motivation and, 525–526; 360-degree feedback and role of, 246
- Communication models, 342
- Communications of the ACM* (journal), 329

- Communicative-interactive needs
    - assessment, 782*t*
  - Communicative-noninteractive needs
    - assessment, 782*t*
  - Communities of practice, 41
  - “Comparison of Change Theories” (Kritsonis), 397
  - Compensation: additional forms of, 486–487; aggregate vs. specific performance measures of, 489–495; applications of, 491–495; base salaries, 483–484; bonus pay schemes, 484–485, 491–492, 495, 496–499, 501–503; CEO (chief executive officers), 496*fig*; description of, 483–487; research findings on, 487–489; stock option plans, 485–486, 491–492, 498, 500–501, 503; strengths and criticisms of, 496–502; traditional approach to, 482–483; tuition reimbursement system, 611. *See also* Employees; Incentive systems
  - Competency models, 678
  - Competency theory, 302–303
  - The Competitive Advantage of Nations* (Porter), 368
  - Competitive Strategy* (Porter), 117
  - “Complementarities and Fit” (Milgrom and Roberts), 494
  - Computer supported collaborative learning (CSCL), 601
  - Computer-supported collaborative work (CSCW), 601
  - Consulting to Management* (journal), 184
  - Continuity Management* (Beazley, Boenisch, and Harden), 372
  - Continuous monitoring: Performance Pyramid use of, 72, 73*fig*, 767–770; sustainability through, 818
  - “Control: Organizational and Economic Approaches” (Eisenhardt), 492
  - Cooperation and Competition* (Johnson and Johnson), 599
  - “Corporate Budgeting Is Broken—Let’s Fit It” (Jensen), 493
  - Corporate Culture and Performance* (Kotter and Heskett), 727, 728
  - Corporate culture. *See* Organizational culture
  - The Corporate Culture Survival Guide* (Schein), 725–726
  - Cost Accounting* (Horngren), 825
  - Cost reductions, 187
  - Costs and ROI* (Phillips and Zun[ = ]iga), 838
  - Costs/benefits ratio: allocating resources according to, 826; calculation of, 827; KM’s ROI (return on investment) and, 372–373; linking improvement to issues of, 425, 426*t*; measurement and management balance of, 270; of outsourcing, 686–687
  - County Fermanagh (Northern Ireland), 102
  - Creating the Multicultural Organization* (Cox), 746, 748
  - Critical incidents technique, 229–230, 235, 807–808
  - Critical thinking, 93
  - Cross-disciplinary team learning (CDTL): applications of, 602–604; benefits of, 611; critical success factors for, 608–609; description of, 599; macros-level framework for, 602*fig*; principles of, 605*t*; recommended design, development, implementation of, 604–606; research findings on, 599–602; strengths and criticisms of, 603; technologies supporting, 606*t*–607
  - “The Cross-Section of Volatility and Expected Returns” (Ang and colleagues), 301
  - Cross-training, 597
  - Crowd-sourcing, 684
  - Cultural competence: description and need for, 745–747; diversity competencies for, 753*t*; diversity training for, 749–759; research on diversity programs increasing, 747–749. *See also* Intercultural issues
  - Cultural Diversity in Organizations* (Cox), 748
  - Culture. *See* Organizational culture
  - Customer surveys, 817
- D**
- Daedalus* (journal), 556
  - The Dance of Change* (Senge), 405

## 884 SUBJECT INDEX

- Dashboards (performance), 260–261
- Data: cultural analysis process collection of, 734–735; definition of, 369; information, knowledge, versus, 369; ROI Methodology generated, 829–832*t*. *See also* Information
- Data collection: case studies, 799–801; critical incidents, 807–808; critical success factors for, 811–813; focus groups, 806–807; interviews, 804–805; literature reviews, 803–804; observation, 794–795; process mapping, 801–803; recommended design and development of, 808–811; ROI Methodology approach to, 835–837; surveys, 795–796; two prerequisites to effective, 792; work diaries, 796–799; work samples, 793–794
- Data-information-knowledge continuum, 369*t*
- DataMonitor, 118
- Decision making: accountability of, 256; card sorts for, 77; Delphi technique for, 76; MAUA (multi-attribute utility analysis) for, 77–79; needs assessment role in, 769; nominal group technique (NGT) for, 75–76; outsourcing, 686–687, 688*fig*; social motivation view of, 263; succession planning, 702–704; SWOT analysis for, 76, 113–114; tabletop analyses for, 76–77. *See also* Problem solving
- Decision tables, 353, 354*t*, 360–361, 362
- Delegation models, 273
- Delphi technique, 76
- Developing Technical Training* (Clark), 370
- Development Dimensions International (DDI), 705
- Diagnostic HPT models: Langdon's Language of Work, 14–15*fig*; Performer-Centered, 12*fig*; Tosti and Jackson's Multiple Levels, 13–14*t*; Wile's Synthesized, 12–13*fig*
- Discovering Common Ground* (1992), 96, 97
- “Discretion and Bias in Performance Evaluation” (Prendergast and Topel), 497
- “Dissent, Group Process, and Creativity” (Nemeth), 747
- Diversity: affirmative action programs to increase, 727; competencies related to, 753*t*; in the United States, 745–746
- The Diversity Directive* (Hayles and Russell), 746
- Diversity programs: applications of, 749–751*t*; critical success factors for, 758–759; recommended design, development, implementation of, 754–758; research findings on, 747–749; strengths and limitations of, 751–754; training activities related to, 746–747
- Divisional organizational structures, 183–184, 185*fig*
- Dow Chemical, 637
- E**
- E-learning: applications of, 585–586; comparison of categories of, 589*t*; critical success factors for, 590–591; current state of, 579–580; description of, 577–579; knowledge management using, 374–375*fig*; media comparison studies on, 582–583; multi-media development of, 583–584; recommended design, development, implementation of, 587–590; strengths and criticisms of, 586–587; theoretical frameworks of, 580–582; virtual teams and communities of, 584–585
- East Carolina University, 233
- The Economic Institutions of Capitalism* (Williamson), 491, 494
- Educational Psychologist* (journal), 453
- Educational Technology* (journal), 329
- “The Effects of Incentives on Workplace Performance” (Condly, Clark, and Stolovich), 448
- Electronic performance support systems (EPSS): applications of, 330–333; architecture of, 335*fig*–336; benefits of, 342; critical information provided by, 364; critical success factors for, 337–339; description of, 324, 325–327; design of, 334*fig*–336; development of, 336–337;

- examples of, 79*t*; external, extrinsic, and intrinsic, 327*t*; implementation and evaluation of, 337; knowledge management using, 374–375*fig*; practitioner's model for designing, 334*fig*–336; research findings on, 327–330; sidekicks and planners forms of, 327; strengths and criticisms of, 333
- Eli Broad Graduate School of Management, 232
- ELP (expectation-lowering procedure) workshop, 211–212
- Employee evaluations: forced ranking systems, 463; interviews used for, 717; legal considerations of, 307–308; overview of approaches to, 304–307; performance appraisal for, 277, 280, 307–308; 360-degree feedback for, 221–250, 277; upward feedback for, 250, 277
- “Employee Performance Evaluations” (Woodford and Maes), 304
- Employees: affirmative action programs and, 727; compensation of, 482–503; crowd-sourcing by, 684; delegation to, 273; flex hours for, 488; job enhancement/job enrichment for, 469; job rotation systems for, 600; job sharing by, 485; on-boarding new team members and, 219; orientation programs for, 220; perceived opportunities to job craft, 561; profit sharing with, 466; recruitment of, 695, 727, 732–733, 753*t*; retention of, 696, 732–733; telecommuting, 507; tuition reimbursement system for, 611. *See also* Compensation; Managerial coaching
- Empowerment: definition of, 442; diversity competency for facilitating, 753*t*; executive leadership coaching for, 663; management practices for increasing, 744
- Enhancing Adult Motivation to Learn* (Wlodkowski), 519
- Equilar, 496, 498
- Equity theory, 39
- Ergonomics, 364
- Esposued values, 726, 736*t*–737
- Ethical data collection, 813
- Ethics* (Rozycki), 467
- Evaluating Training Programs* (Kirkpatrick), 758
- Evaluation: forced ranking systems, 463; frameworks and processes of, 826–828; HTP model cultural analysis used for, 738; interviews used for, 717; Kirkpatrick's four level, 827–828, 829*t*, 833–834; legal considerations of, 307–308; mentoring phase of, 641; on-the-job coaching checklist for, 357*e*; overview of approaches to, 304–307; performance appraisal, 277, 280, 307–308; program, 826; 360-degree feedback for, 221–250, 277; upward feedback for, 250, 277. *See also* ROI Methodology
- Evaluation research, 826
- Evaluation Thesaurus* (Scriven), 127
- Executive Coaching and Consulting Systems, 659
- Executive leadership coaching: cognitive-behavioral approach to, 650–652; common development themes in, 663; critical success factors for, 667–668; goals and expected results of, 648–649; importance of, 646–647; as individualized approach, 647–648; phases of behavioral change using, 652–655; process of, 649–650; recommended design of program for, 665–667; research findings on, 657–660; skills required for, 655–657; strengths and weaknesses of, 663–665; when to use, 660–662
- Expectation-lowering procedure (ELP) workshop, 211–212
- Experiences: HPT use of, 21; motivation messages creating shared, 524; study of pride, 147
- Experimental Psychology* (1972), 747
- Experimentation, 648
- Explicit knowledge, 369–371
- Exploring Corporate Strategy* (Johnson, Scholes, and Whittington), 124
- The External Environment of Business* (Pagano and Verdin), 304
- Extrinsic motivation, 519*t*, 520*t*

## 886 SUBJECT INDEX

**F**

Fairness theory, 301–302  
*Family Business Review*, 706  
 Federal Deposit Insurance Corporation (FDIC), 539  
 Feedback: executive leadership coaching, 663; gap and cause analyses role of, 35–37; 360-degree, 221–250, 277, 649–650; upward, 250, 277  
 Field theory, 43  
*Field Theory in Social Science* (Lewin), 116  
 Fielding Institute, 519  
*The Fifth Discipline* (Senge), 655  
 Fight or flight, 147  
 Financial analysis, 822  
*First Things Fast* (Rossett), 777  
 5-I cycle, 153*fig*, 154*t*  
 Flex hours, 488  
 Florida State University, 446, 470  
 Flowcharts (or algorithms), 349–350*fig*, 359–360  
 Focus groups, 806–807  
 Force-field analysis, 43  
 Forced ranking systems, 463  
*Fortune 500*, 469, 471  
 4-D cycle, 142*fig*–144, 154*t*  
*From Needs Assessment to Action* (Altschuld and Witkin), 784  
 Front-end analysis, 21  
 Functional organizational structures, 183, 184*fig*  
 Future Search: applications of, 101–103; applications research on, 96–97; benefits of using, 112–113; consultant-centered planning method versus, 103*t*; description of, 88, 89, 91, 93–94; as global change strategy, 94; as philosophy of facilitation, 93; as principle-based action meeting, 93; principles of, 94–96; recommended design of, 105–106; strengths and criticisms of, 103–104; a synopsis of, 97–98; thesis research on, 98–101; when not to use, 103  
 Future Search Conference: critical success factors of, 108; schedule of, 106–107; unique characteristics of, 107–108; what to avoid during, 108–109

Future Search Network (FSN), 97  
*FutureSearching* (newsletter), 97, 101

**G**

Game strategy, 278  
 Gap analyses: cultural analysis for defining, 737; description of, 29–30; identifying potential for performance improvement using, 31; process HPT model use of, 16–17; producing worthy performance goal of, 30–31. *See also* Cause analyses  
 “Generation X and the Millennials” (Thielfoldt and Scheef), 633  
 Genograms (“occupational trees”), 541  
 Glasgow Caledonian University, 281  
*Global Production Management* (Mertins, Krause, and Schallock), 300  
 Goal setting: definition of, 202; performance role of, 36–37; SMART approach to, 79, 244, 247, 300, 303  
 Goal-setting theory, 303–304  
 Goals: alignment of desires and work for career, 512, 554; executive leadership coaching, 648–649; performance measurement and management systems, 254–255; process improvement, 424  
*Good Business* (Csikszentmihalyi), 559  
 Google, 471–473  
*Government Executive* (journal), 189  
 Great Place to Work Institute, 469  
 Group interviews (focus groups), 806–807  
*A Guide to the Project Management body of Knowledge* (PMI), 379

**H**

*Handbook for Developing Multicultural Awareness* (Pedersen), 756  
*Handbook of Distance Education* (2007), 580, 584  
*Handbook of Educational Psychology* (1996), 517  
*Handbook of Human Performance Technology* (1999), 446  
*Handbook of Human Performance Technology* (2006), 35, 56, 121, 326, 368, 374

- Handbook of Labor Economics* (1999), 483
- Handbook of Organizational Justice* (2005), 301
- Handbook of Task Analysis Procedures* (1989), 588
- Harvard Business Review*, 369, 470
- Harvard Business School, 39, 259
- Harvard Educational Review*, 516
- Hawthorne Works studies (1924-1932), 39
- Health and Retirement Study (U.S. Department of Labor), 709
- Hierarchy of needs, 447
- Holistic HPT models: characteristics of, 18; illustration of, 19fig; Three-Dimensional, 18-19fig, 20
- “Hospital Restructuring and Downsizing” (Burke), 189
- How Managers Can Develop Managers* (Mumford), 279
- HPT (human performance technology): comparing appreciative inquiry (AI) to, 149-162fig; definition of, 5, 27; electronic support systems for, 79t; front-end analysis, measurability, and experience used by, 21; human resources approach and, 178; modeling used by, 5-6; pioneers in the development of, 6-9; ROI Methodology measure of, 823-844; SWOT analysis components shared with, 121-122. *See also* Performance interventions
- HPT Model: Appreciative Approach: description of, 150; illustrated diagram of, 151fig. *See also* Appreciative inquiry (AI)
- HPT models: classifications of, 9-12; cultural analysis in the, 737-738; diagnostic, 12fig-15fig; example of early, 7fig; example of later, 8fig; holistic, 18-20; process, 15-18fig; traditional ADDIE model used as, 15, 20, 539. *See also* Models; Organizational Elements Model (OEM)
- HPT practitioners: force-field analysis by, 43fig; gap and cause analyses by, 16-17, 29-44; intervention selection and change management by, 42fig-44; reviewing theoretical basis for practices of, 48-50; system thinking of, 28-29; theoretical frameworks connected to practices of, 44t-45t

## 896 SUBJECT INDEX

*Quarterly Review of Distance Education*, 585

Queen Emma Foundation, 102

“A Question of Performance” (Gilbert), 32

Questioning skills, 655–656

**R**

Ramsey County (Minnesota), 102

*The Reading Teacher* (journal), 518

Realistic job preview (RJP): benefits of using, 219–220; Buckley and associates study on, 211–212; critical success factors for, 215–217; description of, 203–204; Griffeth and Hom study on, 211; meta-analysis of research by Phillips on, 208–209; recommended design, development, and implementation of, 213–215; simplified model of process of, 206*fig*, 207*fig*, 208*fig*; strengths and criticisms of, 213; Suszko and Breaugh study on, 210–211; theoretical rationale for effective, 205–208; when to apply, 212–213

Recognition: advantages of using, 480–481; motivation from, 441–443; peer, 480. *See also* Incentive systems

“Reconceptualizing Mentoring at Work” (Higgins and Kram), 617

Recruitment: affirmative action programs and, 727; definition of, 695; diversity competency related to, 753*t*; organization renewal through, 732–733

Reengineering: process, 416; research on failures of, 405

*The Reengineering Revolution* (Hammer), 416

Reference manuals, 297

*Reflections* (magazine), 396

*Reframing Organizations* (Bolman and Deal), 178

Regular one-on-ones, 209

Research and Markets, 118

Retention: definition of, 696; organizational renewal through, 732–733

*Review of Trends in Workplace Learning and Performance*, 579

*Reward Management* (2000), 489

Rewards: advantages of using, 480–481; description of, 467–468; motivation from, 441–443; positive reinforcement using, 468; strengths and criticisms of, 455–456, 475, 476*t*

RHR International, 704

*The Rise and Fall of Strategic Planning* (Mintzberg), 303

Risk (Change Readiness Rubric), 403–404

Risk management, 168

ROI Methodology: applications of, 832–834; critical success factors for, 839–842; data collection for, 835–837; data generated by the, 829–832*t*; learning value chain, 830*fig*; measures captured at each level of, 828–829; origins and description of, 826; process model of, 836*fig*; recommended design, development, implementation of, 835–838; strengths and criticisms of, 834; twelve guiding principles of, 839*t*. *See also* Evaluation

ROI (return on investment): calculation for, 827; description of, 823–826. *See also* Benefit-cost ratio (BCR)

Root cause analysis (RCA), 777

Rummler's Nine Performance Variables Model, 11*fig*

**S**

Scenario planning, description of, 87

Scientific management: on performance capacity, 40; on performance, expectations, and feedback, 36–37; Weisbord's examination of, 91–92

Search Conference Model, 96, 98

“Searching 360 Degrees for Employee Evaluation” (Kein), 302

*Selected Papers of the 38th ISPI International Conference* (2000), 379

Self-concept: experiences of pride study on, 147; motivation and, 39; Performance Pyramid implementation role of, 71

Self-efficacy, 537

Self-esteem: definition of, 534; experiences of pride study on, 147

Self-fulfilling prophesy, 39

- SERPs (supplemental executive retirement plans), 486
- Shared Minds* (Schrage), 524
- Simple structure configuration, 186
- Six Sigma, 421, 769
- Sloan Management Review*, 373
- SMART (simple multi-attribute ranking technique), 79, 244, 247, 300, 303
- Social constructionism theory, 145–146
- “Social Intelligence and the Biology of Leadership” (Goleman and Boyatzis), 470
- Social Learning and Clinical Psychology* (Rotter), 117
- “Social loafing” phenomenon, 449
- Social networking, 328
- Society for Human Resource Management, 745, 747
- Society for Organizational Learning, 396
- Specific performance measures: comparing aggregate and, 489–491; incentive plans using, 493–495
- Sponsors (Change Readiness Rubric), 399–400
- Stakeholders: Change Readiness Rubric role of, 400–401; incentive systems and role of, 488–489; measurement and management buy-in by, 269; Performance Pyramid buy-in by, 65–66; recruited for SWOT analysis, 124; ROI Methodology and, 833
- Stock option plans, 485–486, 491–492, 498, 500–501, 503
- Strategic Management Journal*, 703
- Strategic planning, 86
- Structure in Fives* (Mintzberg), 117
- Suboptimization problem, 87
- Succession planning and management (SPM): additional findings from practice of, 708; applications of, 706–710; critical success factors for, 713–714; definitions related to, 700t; description of, 698–701; development strategies and, 704–705; effectiveness of initiatives for, 707–709; knowledge management and, 376–377; managing exit strategies and transition, 705–706; organizational role of, 697–698; recommended design, development, implementation of, 711–713; selection decision of, 702–704; strengths and criticisms of, 710–711; succession theory and, 702
- Succession theory, 702
- Supply chain management, 172
- Surveys: cultural analysis, 734–735; customer, 817; data collection using, 795–796
- Survivor mentor, 619
- Swarthmore College, 145
- SWOT analysis: advantages of using, 138–140; back-end and front-end planning perspectives of, 118t; characteristics and potential results of, 118–119; contemporary applications, 117–118; conventional SWOT table, 116fig; critical success factors for, 135–136; decision making using, 76, 113–114; description of, 115–116; examples of data types of, 126t; factors identified within a construction company, 128e–129e; HPT model components shared with, 121–122; IE2 grid used for, 133–134t; IE2 questionnaire used for, 131e–133; origins and early history of, 116–117; recommended design, development, implementation of, 123–135; research findings on, 119–121; strengths and criticisms of, 122–123
- SWOT analysis steps: 1: recruiting stakeholders, 124; 2: convening the focus group, 124–126; 3: identifying and categorizing SWOTs, 126–129e; 4: analyzing SWOTs, 129–133; 5: synthesizing SWOTs, 133–134t; 6: interpreting findings and deliberating action, 134–135
- System thinking: HPT use of, 28–29; on system and subsystems capabilities, 471
- The Systematic Design of Instruction* (Dick), 588
- Systemic performance improvement: description of, 88; measurement and management context of, 268–269
- Systemic processes, description of, 87–88
- Systems Thinking* (Gharajedaghi), 471

## 898 SUBJECT INDEX

**T**

Table top exercises, 139  
 Tabletop analyses, 76–77  
 Tacit knowledge, 369–371  
 “A Taxonomy of Equity Factors” (Siegel, Schraeder, and Morrison), 302  
*Team Handbook* (Scholtes, Joiner, and Streibel), 600  
 Teams: co-location of, 390; cross-disciplinary team learning, 598–611; virtual, 584–585  
 Technical issues: career mentoring, 550; e-learning, 591; JCT (job crafting intervention), 565; performance measurement and management systems use of, 273; process improvement tool sets, 423–424; ROI Methodology and, 842; technologies supporting cross-disciplinary team learning, 606t–607  
 Technique efficacy, 278  
 Telecommuting, 507  
 “The Tenuous Trade-Off Between Risk and Incentives” (Prendergast), 490  
 Texas A & M University, 276  
 Text or picture lists, 353–354, 355fig, 361, 363  
 Theory X, 48  
 Theory Y, 48  
 Three-Dimensional HPT Model, 18–19fig, 20  
 3M Company's St. Paul Area Plant Engineering, 102  
 360-degree feedback: critical success factors for, 244–247; description of, 221–222, 277; executive leadership coaching use of, 649–650; increasing use and outcomes of, 232–234; phases of, 222–228; pitfalls to avoid, 246–247; recommended design, development, implementation of, 239–244; strengths and criticisms of, 236–239; when to apply, 234–236  
 360-degree feedback phases: 1: defining performance, 240; 2: assessing performance, 240–241; 3: providing feedback, 242–244  
 Time continuum model of motivation, 519  
 Tosti and Jackson's Multiple Levels Model, 13–14t

Total quality management (TQM):

description of, 421; failures of, 405

*TQM Magazine*, 421

Traditional training, 574

Train-the-trainer workshops, 581

Training: brown bag lunch sessions used for, 595; combining EPSS and, 331–332fig; cross-training, 597; data collection, 813; diversity, 746–759; KM, EPSS, e-learning used for, 374–375fig; for mentoring program, 638; OJT (on-the-job training), 578; role of mentoring in quality of, 621; traditional, 574

*The Training Evaluation Process* (Basarab and Root), 826

Transfer of learning, 41

“The Triple Win” (Forman), 754

Tuition reimbursement system, 611

*Turning Research into Results* (Clark and Estes), 454

**U**

UNC Chapel Hill, 147

Underlying cultural assumptions, 726–727, 736t, 737

UNICEF, 102
