

# SUBJECT INDEX

- A
- Abbott Laboratories, 46
- Academy of Management Review*, 335
- Action Research, 226–227, 229, 231–233, 236, 244
- “Action Research and Minority Problems” (Lewin), 231–233
- Action Science, 612
- Adaptive organizations (Fulmer), 4
- Adaptive organizations, creating, 903–906
- Age of Discontinuity* (Drucker), 39–40
- Ahmadabad, 129
- Ahmadabad Textiles Union, 129
- Airbus commercial aircraft, 744
- Amazon.com, 53, 59
- Ambivalent attitudes, 423–427; implications for research and practice concerning, 428–432; multiple dimensions of, 423–425; and possibility of ambivalence in response to particular change proposal, 425–426; prevalence of, 426–427; and recognizing ambivalence, 418–432; and synthesis of past conceptualizations of resistance to change, 419–423; various emphasis in conceptualization of, 421–423
- American Airlines, 512–513
- American automobile industry, 928, 932
- American Bell, 178, 400
- American Dream, 393
- American Jewish Congress, 229
- American Psychological Association, 226, 326; Division of Industrial and Organizational Psychology, 183–198
- American Psychologist, The*, 401
- American Soldier, The* (Stouffer and associates), 301
- Amgen, Inc., 37, 527
- Anaconda Mines, 35
- Annual Review of Psychology*, 71
- Antigone* (Sophocles), 451
- Antioch College, 576
- Anti-Semitism, 227–229
- Appointment Charter, 609–610, 616, 617
- Arab-Palestinian youth, 235
- Arden House, 137
- Art of Asking Questions, The* (Payne), 302
- Arthur D. Little, Inc., 553, 555
- Asking Questions: A Practical Guide to Questionnaire Design* (Sudman and Bradburn), 302
- AT&T, 174, 179, 180, 196, 205, 206, 396, 512–513, 516
- Attractors: and organizations, 929–931; phase spaces and, 925–931
- Australia, 129, 136, 668, 936
- Authoritarian decision making, 680
- Authority Matrix, 764f
- Autonomous Work Groups, 649
- Awakening Giant, The: Continuity and Change in ICI* (Pettigrew), 898

## SUBJECT INDEX 977

- B
- BAe. *See* British Aerospace (BAe)
- Barron's* magazine, 516
- Bayer aspirin, 43
- BBC (British Broadcasting Corporation), 747, 749
- BCG. *See* Boston Consulting Group
- Bell Telephone Company, 178
- Berkshire Hathaway Inc., 45
- Berlin, Germany, 229
- Bessemer steel process, 206
- Bethel, Maine, 124
- Bible, 733–734
- Billy Budd* (Melville), 451
- Biloxi, Mississippi, 2
- “Blue’s Clues” (television series), 754
- Boeing, 744, 746
- Booz Allen Hamilton consulting firm, 553
- Bosnia, 57
- Boston Consulting Group, 282; strategy matrix, 188
- Boston, Massachusetts, 21
- Bowling Alone* (Putnam), 678
- Brazil, 421
- British Aerospace (BAe) Systems, 744–748, 752, 754, 758
- British Airways, 274, 286, 744, 747, 748, 753, 757, 758
- British army, 2–3
- British Petroleum (BP), 55
- British Telecom (BT Group), 57
- Brussels School, 145
- Built to Last* (Collins), 512
- Burberry, 514
- Bureaucracy, 23
- Burke-Litwin Model, 256, 747
- Business Week*, 583
- Butterfly effect, 928
- C
- Caine Mutiny, The* (Wouk), 451
- Calico Mills (Ahmadabad), 129
- Canada, 136, 679
- Cargill, Incorporated, 528
- Carlson’s raiders, 680
- “Case for Change, The” (Weston), 745
- Catalytic interventions, 546–550
- Catastrophe theory, 230, 853
- CEMEX SAB de CV, 56, 57
- Center for Creative Leadership, 591
- Change: building knowledge of, through assessment, 809–812; and cognitive redefinition, 81–87; difference between, and transition, 394–396; environment as stimulus for, 1–5; explaining development and, in organizations, 859–887; how markets enable, 46; idea of, 21–23; mechanisms of, 78–87; objective of, 73; pressures to, 2
- Change and persistence, measuring, 834–855; Ahmavaara procedure for comparing factorial structures, 854–855; and alpha change, 836; and analogies from several sciences, 841–843; and beta change, 836–839; conclusions and implications, 851–854; and cousinly concept from counseling, 840–841; and distinctions between types of change, 835–840; and evidence of gamma effects in OD efforts, 843–851; and factor analysis: search for congruence and incongruence, 844–846; and gamma change, 839–840; statistical procedures in, 846–851
- Change process: and defining need for change, 688–690; and degree of choice about whether to change, 690–697; and reason for change, 687–698; summary, 697–698
- Change process theories, 868–876; and benefits of framework for theory and research, 882–883; and composite theories of development and change, 878–882; and cycles and motors of change, 868–869; and four ideal-type developmental theories, 891–868; and mode of change, 871–873; and specific theories as composites of ideal types, 876–883; summary of, 873–876; and theories of complex development, 876–883; typology of, 868–876; and unit of change, 870–871
- Change, recipients of, 404–417; creating capability for change in, 415–416; evolution of reactions of, 406–409; frameworks to explain reactions to change of, 406t; giving “first aid” to, 414–415; and “goodness” of change,

## 978 SUBJECT INDEX

- 416–417; and individual coping with change, 410–411; managing, 411–412; and organizational responses, 409–410; reactions to change of, 405–406; and rethinking resistance, 412–414; strategies for coping with, 412*t*
- Change theories, revolutionary: and opportunities for synergy across models, 158–168; and punctuated equilibrium paradigm, 144–171
- Changing, general strategies for: and applied research and linkage systems for diffusion of research results, 95–98; and basic research and dissemination of knowledge through general education, 92–93; and empirical-rational strategies, 91–99; and improving the problem-solving capacities of a system, 102–103; and normative-reeducative strategies, 99–107; and perceptual and conceptual reorganization through clarification of language, 98–99; and personnel selection and replacement, 93; and power-coercive approaches, 107–114; and recomposition and manipulation of power elites, 111–115; and releasing and fostering growth in persons who make up system, 103–107; and strategies of deliberate change, 112–113*f*; and strategies of nonviolence, 109–110; and systems analysts as staff and consultants, 94–95; types of, 90–99; and use of political institutions, 110–111; and utopian thinking, 98, 112, 938
- Chaos theory, 55, 230, 755, 859, 924, 955, 956
- Chevrolet Vega, 514
- Chrysler Corporation, 584, 928, 929
- Cisco Systems, 37
- Citibank, 154
- Citicorp, 595, 596
- Civilization and its Discontents* (Freud), 491
- CNN (Cable News Network), 516
- Coaching Continuum Model, 603
- Coca-Cola Company, 513
- Cognitive redefinition, 81–87; through identification, 83–86; through scanning, 86–87
- Collaboration: and evaluation, 720–721; and life cycle of cooperative interorganizational relationships, 717*f*; life-cycle stages in, 716–722; negotiation stage of, 718–719; operation stage of, 719–720; as organizing principle, 705–706; preengagement stage of, 716–718; reasons for, 706–707; renegotiation, control, or exit in, 721–722. *See also* Interorganizational relations
- Colt .45 handgun, 395, 396
- Columbia University, 816
- Comet (first commercial jet), 744
- Commerce Today*, 549
- Commission on Community Interrelations (CCI; American Jewish Congress), 229
- Commission on Organization of the Executive Branch, 556
- Committee on Techniques for the Enhancement of Human Performance (National Research Council), 538
- Common Market, 15
- Communist Party of India, 129
- Compaq Computer Corporation, 519, 529
- Complex adaptive systems, 51
- Complex development, theories of, 876–883
- Complexity: and chaos, 55; new world science of, 5; science, 51
- Complex-systems approach, 924–933; implications of, 931–933; phase spaces and attractors in, 925–929
- Concept of the Corporation, The* (Drucker), 38
- Concorde, 744
- Confederation of Employers (Norway), 134
- Confederation of Trade Unions, 134
- Connecticut State Inter-Racial Commission, 229
- Consensual validation, 458–460
- Consultant-centered intervention, 894–898
- Consultation: and acceptant intervention, 541–546; and actual *versus* ideal top culture in chemical plant, 558*t*; and catalytic interventions, 546–550; and confrontation, 550–553; and Diagnosis/

## SUBJECT INDEX 979

- Development (D/D) matrix, 540;  
prescriptive, 553–556; principles,  
theories, and models of, 556–562; and  
role of consultant, 911–915; strategies  
of, 539–563; summary, 562–563; and  
what sound union-management  
relationship would be as described by  
management, 559–560*t*; and what  
sound union-management relationship  
would be as described by union, 560–  
561*t*
- Consultative decision making, 680
- Continuity: assumption of, 37–38; need to  
abandon assumption of, 42–43
- Convergence: consistency and  
performance and, 184; definition of,  
180; and inertia, 191–196; and  
performance, 196–198; strategic  
orientation, consistency, and, 176–180
- Convergence and reorientation model:  
convergent periods and forces for, 183–  
198; and definition of convergent  
periods, 181; executive leadership in,  
182–183; as metamorphosis model,  
176–183; overview, 174–176; role of  
executive leadership in, 210–214
- Convergent thinking, 45
- COR skills, 46
- Cornell University, 228
- Corporate Quarterly Review (Whirlpool),  
584
- Corsica, 23
- Costco Wholesale Corporation, 527
- Culture-Excellence approach, 236–238
- Cummings Engine Corporation, 762
- D
- Dannmiller Tyson Associates, 668
- Darwinian theory, 144, 239, 867. *See also*  
Evolutionary theory
- “Deep slice” method, 126
- Deep structure concept, 149–154
- Deep structure, concepts of, in six  
theories, 149–150
- Defensive identification, 83–86
- Dell Computer Corporation, 518,  
527, 530
- Delphi, 477
- Dependence, 442–443
- Designing and Conducting Survey  
Research* (Rea and Parker), 302
- Diagnosis for Organizational Change:  
Methods and Models* (Howard), 256
- Diagnosis/Development (D/D) matrix,  
540
- Dialectical theory, 866, 870–872
- Digital Equipment Corporation, 529
- Dime Bancorp, 741, 742, 749
- “Directive” (Frost), 398
- Discontinuity: and assumption of  
continuity, 37–38; gales of, 40–42; and  
need to abandon assumption of  
continuity, 42–43; reality of, 38–40;  
redesigning corporation on basis of, 47–  
48; and road ahead, 48–50; survival and  
performance in era of, 35–50
- Disney (Walt Disney Company), 512, 519
- Divergent thinking, 45
- Divisional Board, 125–127
- DNA, 52
- Dome Petroleum Limited, 489
- Dow Jones Industrial Average, 512
- Dual-motor theories, 874, 878
- Dundee, Scotland, 124
- DuPont (E.I du Pont de Nemours and  
Company), 35, 187, 910
- Durham Miners’ Association (Great  
Britain), 128
- Dutch telecommunications industry, 131
- Dynamic Manufacturing* (Hayes,  
Wheelwright, and Clark), 937
- E
- Eastman Kodak Company, 35, 37
- eBay, 521, 527
- E.F. Hutton & Co., 397
- Eight State Project, 98
- Einstellung effect, 160, 161
- Electrolux Group, 580, 583
- Ellison Manufacturing, suspended team  
building in, 661–662
- Elmtown’s Youth* (Hollingshead), 372
- Employers and Trade Union Associates  
(Sweden), 135
- Encounter* magazine, 26
- England, 14, 473
- Enhancing Organizational Performances*  
(Druckman, Singer, and Van Cott), 538

## 980 SUBJECT INDEX

- Enron Corporation, 737  
 Enterprise Security Charter, 608  
 Environment: disturbed-reactive, 12; as forecast of future organizations, 30; placid, clustered, 12; placid, randomized, 11; as stimulus for change, 1–5; and turbulent fields, 13  
 Equilibrium periods, 154–156; concepts of, in six theories, 151–152  
*Essay on Civil Disobedience* (Thoreau), 109  
 European Union (EU), 700  
 Evolutionary theory, 866–868, 870, 871  
*Evolving Field of Organizational Learning II, The* (Argyris and Schon), 812  
*Executive* (Levinson), 399  
 Executive leadership, 197, 205; and convergence and reorientation, 176, 210–214; and organizational evolution, 175, 183–186  
*Exit, Voice, and Loyalty* (Hirschman), 938  
 “Extending Choice” (Birt), 747  
 External environment, 742–743
- F
- Facit Company, 489  
 Federal Aviation Administration (FAA), 766  
 Federal Emergency Management Agency (FEMA), 2  
 Federal Reserve Bank, 40, 41  
 FEMA. *See* Federal Emergency Management Agency (FEMA)  
 Field Theory, 226–227, 229, 232, 244, 245  
*Fifth Discipline, The* (Senge), 938  
 Finland, 909  
 Firemen’s Fund Insurance, 597  
 FIRO-B. *See* Fundamental Interpersonal Orientations-Behavior (FIRO-B)  
 First-order change, 871  
 Flexible machining centers (FMGs), 904  
*Flow* (Csikszentmihalyi), 49  
*Forbes* magazine, 35, 37  
 Ford Motor Company, 35, 191, 205, 214, 489, 512, 529, 668, 928, 929; Explorer, 517; Model T, 205; Pinto, 514  
 Forest Service. *See* USDA Forest Service  
*Fortune* magazine, 512, 555, 583  
 Forum Corporation (Boston), 596  
 Fox News Channel, 516  
 France, 744  
 French army, 124  
 Fundamental Interpersonal Orientations-Behavior (FIRO-B), 614, 617, 618  
 Future Search, 674, 676, 678
- G
- Gallup poll, 301  
 Gap Inc., 516  
 GE. *See* General Electric  
 Genentech Inc., 52  
 General Electric (GE) Company, 3, 4, 35, 37, 43, 580, 583, 675  
 General Motors Corporation, 35, 187, 488, 513, 519, 910, 928, 929; Corvair, 488  
 German military theorists, 13  
 German Panzer Divisions, 124  
 Germany, 132, 136, 156, 227–228, 744, 937  
 Gestalt theory, 82, 229, 232, 244, 535, 551, 591, 666n5, 672; training and, 592–593  
 Glacier Metal Company, 121, 552  
 Gladiator Garage Works, 519–520  
 Glasgow Caledonian University, 327  
 Glasgow, Scotland, 131  
 Global Awareness Program (Whirlpool Corporation), 581–582  
 Global Electric, 662–664  
 Goals, 31–32  
 Gore Associates, 957  
 Government Center (Boston), 21  
 Great Britain, 14, 15, 70, 131, 136  
 Great Depression, 22, 35, 59  
 Grid OD training, 563, 900, 909  
 Group decision making, 680  
 Group development: and consensual validation, 458–460; and counter dependence, 446–448; and dependence, 445–446; and dependence-power relations, 453–454; and disenchantment, 457–458; and enchantment, 455–456; and interdependence, 455–460; and interdependence-personal relations, 461–463; phase movements in, 445–460; relevant aspects of personality in, 443–445; and resolution (catharsis), 448–452; theory of, 441–464; and two

- major areas of internal uncertainty, 442–443; work of Wilfred Bion on, 466–478
- Group Dynamics, 226–227, 229, 232, 244, 245
- Group Psychology and the Analysis of the Ego* (Freud), 442
- Groups Relations Reader*, 594
- H
- Haighmoor seam (England), 119–121, 125
- Hamlet* (Shakespeare), 451
- Handbook of Survey Research* (Rossi, Wright, and Anderson), 302
- Harvard Business Review*, 70, 520
- Harvard Business School, 276, 335, 762
- Harvard University, 46, 49
- Harvard University Press, 399
- Harwood Manufacturing Corporation, 235, 333, 342, 344
- Hewlett-Packard Company, 3, 55, 512, 519
- Hindu workers, 129
- Holland, 136, 679

- Homeostasis, 365–366
- Hoover Commission, 556
- HP. *See* Hewlett-Packard Company
- Human Nature and Conduct* (Dewey), 369
- Human Relations* (Tavistock Institute), 229
- Human resource management, 906–908, 939
- I
- IBM, 214, 514, 529
- Ideal Strategic Corporate Model (Grid Organization Development), 558
- Ideal-type developmental theories, 861–868; and dialectical theory, 866; and evolutionary theory, 866–868; families of, 863*t*; and life-cycle theory, 862–864; and teleological theory, 864–866
- Identification, analysis of two types of, 84
- Identity maintenance: and critical self-reflexivity and evolution of identity through time, 494–496; and denial, 486–487; dynamics of, 484–491; and dynamics of identity change and organizational learning, 491–500; and fantasy, 489; and idealization, 488–489; implications for research on, 500–502; and organizational wisdom, 498–500; and promotion of dialogue about future identity as integral feature of strategic management, 496–498; and rationalization, 487–488; and symbolization, 489–491
- IKEA, 518
- Images of Organization* (Morgan), 70
- Immunex Corporation, 52
- In Search of Excellence* (Peters and Waterman), 899
- Indonesian earthquakes, 2
- Industrial Democracy Movement, 936
- Industrial Democracy Project (Norway), 126, 133, 137
- Industrial Revolution, 23
- Inertia, 191–196; convergent periods and forces for, 183–198
- Innovative organizations, designing, 903–905
- Institute for Industrial Social Research (Technical University, Norway), 134
- Institute for Social Research (University of Michigan), 301
- Integrated organizational diagnosis: assessment center for, 320–323, 329–330; barriers to, 320–323; beginning, at system level, 317; client request for, 313–314; client resistance to, 314–315; and co-consulting, 328–329; initiating, 313–315; and intervention, 315–317; and organizational silos, 321–322; and positioning expertise in organization, 325–327; and practitioners as generalists, 323–325; and professional expertise, 323–327; and professional silos, 322–323; sequencing, and change efforts, 317–320; and sharing and learning, 327; toward, 312–330; and working together, 327–330
- Intel Corporation, 37
- Inter-Cultural Affairs, 674
- Interdependence, 442–443
- Internal uncertainty, two major areas of, 442–443

## 982 SUBJECT INDEX

- International Conference on Workers' Participation in Management (Vienna), 132
- International Oil, designing and participating in annual meeting at, 659-661
- Interorganizational relations, 699-728; boundary characteristics in, 715; and collaboration as organizing principle, 705-707; and conceptualizing organizational environments, 702-704; conditions for failure and success in, 725-726; culture clash and change in, 722; environmental aspects of, 701-706; and evaluation, 723; frameworks for understanding, 706-707; and intergroup relations, 723-724; and leadership, 722-723; and likely outcomes, 715-716; obstacles to cooperation in, 714-715; and organization sets, fields, and networks, 702-704; and ownership of responsibility, 714; and partial taxonomy of interorganizational governance structures, 707-716; psychological dynamics in, 715-716; and reasons for collaborating, 706-707; and regime analysis, 704; situational determinants in, 708-715; and strategic purpose, 713-714; and stresses on boundary role persons, 724; taxonomy of cooperative, 709-712; unanswered questions in, 726-727
- Intervention methods, problems in research on, 896-898
- Interventions, organization change, 533-538; at group level, 535-537; at individual level, 533-535; at organizational level, 537-538
- Iridium, 519
- Israeli youth, 235
- ITT Corporation, 489
- J
- Jaguar Cars Limited, 529
- Jamestown Labor-Management-Government system, 906
- Jamestown, New York, 762
- Japan, 2, 38, 136, 190, 488, 581, 910-911, 937
- JDS. *See* Job Diagnostic Survey (JDS)
- JetBlue, 527
- Job Diagnostic Survey (JDS), 911
- Johnson & Johnson, 43
- Journal of Applied Behavioral Science*, 668
- K
- Katrina (hurricane), 2
- KaZaA, 518
- Kennedy School of Government (Harvard University), 46
- Kepner-Tregoe system, 557
- Kilmann-Saxton Culture Gap Survey (Kilmann *et al.*), 899
- Kingsbury Agreement (1913), 206
- Kinsey Report, 372-373
- Knowledge industry, 26
- Kodak, 35, 43
- Korea, 581, 937
- Korean conflict, 35
- L
- Ladder of Inference, 612
- Large system interventions: bibliography for specific methods of, 681-682; creating and analyzing data for, 673; description of, 668-670; and emerging frontiers, 679-681; emerging trends in, 676-677; implementation issues in, 680-681; importance of, 670-672; key concepts in, 672-676; methods for creating future, 669; methods for work design, 670; results of methods for, 677-678; theory and methods for, 674-676; understanding and using, 667-681; use of data and survey feedback use of data in, 673-674; and whole system participative work, 671
- Last Apocalypse, The* (Reston), 42-43
- Leaders: and Appointment Charter, 609-610, 614; coaching, in transition, 599-622; coaching newly appointed, 601-606; and general transition coaching plan, 614-616; and leadership failure, 602-603; and leadership in self-managing units, 791-799; motives of, 739-741; and productive conversations,
