

Subject Index

A

- Abilities: competencies composed of, 209; vs. skills, 7. *See also* Cognitive ability; Knowledge, skills, and abilities (KSAs); Physical ability
- Absenteeism, prediction of, 93
- Absolute quality or value, 746
- Academic achievement tests, 141
- Academic psychology vs. personality psychology, 104
- Acceleration pools, 487, 498
- Acceptance of assessments, 404–405, 414, 415
- Access to data, consideration of, 291, 588, 619
- Accomplishment Record, 119–120, 128–130, 131
- Accountabilities, establishing, in succession management, 468, 471, 490–491
- Achievement, 21, 330, 761
- Achievement motivation, measures of, 98–99
- Achievement tests, academic, 141
- Adams v. Chicago, 660–661, 669ⁿ⁵⁸
- Adapting tests to computer. *See* Computer-adaptive tests (CATs)
- Adaptive skills, generating information about, 113–114
- Adaptive test administration, 634
- Adjustment, as a measure, 92, 93
- Administering tests. *See* Test administration
- Administrative and clerical job assessment: and applicant pools, 282–283; aspects of, 280–300; case study involving, 280–281; choosing assessment approaches for, issues to consider in, 288–300; conclusion on, 319–320; instruments for, deciding on, 289–294; and job analysis, 283–285, 286–288, 289, 290, 293; overview of, 279; and prediction of training performance, 67; summary of, 300–301; value of, 281–288
- Adverse impact: and cognitive ability tests, 12, 13, 15, 254, 257, 408, 458, 459, 764–767; comparing, among tool categories, 414; and construct validation, 701; and converting job analysis results, 726; current legal landscape involving, 654–656; and cutoff scores, 261; determining, 453, 666ⁿ¹³; employment decisions resulting in, reducing, 263; ethical considerations involving, 716–717; guidelines for, 648–649; investigating any evidence of, 750; and meta-analysis, 693, 695; and multimedia capabilities, 50; and organizational change assessment, 570, 574; and personality tests, 15, 458; and physical testing, 182, 185–186, 188, 449; professional practice driven by attempt to reduce, 458–459; proof of, establishing, 652–653; and public safety testing, 442, 449, 453–454,

- 455–456; reducing, techniques for, 454, 455–456; and supervisory assessment, 386–387; and technical job assessment, 253, 254, 256, 257–259. *See also* Discrimination; Legal environment; Litigation
- Aerobic capacity: defined, 170; examples of testing, and validity, 176; and gender, 187; passing score determination for, 182–183; as a physical ability, 169, 171, 172; testing, described, 173, 175, 182, 190
- Affirmative action, consideration of, 74
- African Americans. *See* Blacks
- Age: litigation related to, 244*n*5, 533–534; and passing scores, 184; and physical testing, 185, 188, 189–190, 449; and supervisory assessment, 386
- Age Discrimination in Employment Act of 1967 (ADEA), 189, 196, 534, 647–648, 652, 653–654
- Aggression, measures of, 98–99
- Agreeableness: and comparative validity, 91, 92, 93; defined, 14; defining, with low and high standing, 85; facets of, 16; and integrity tests, 17; and sales position assessment, 327; splitting dimension of, 762; validity estimates for, 299, 300
- Alabama State Board of Education, Groves v., 667–668*n*38, 668*n*42
- Albermarle Paper Co. v. Moody, 660, 667*n*22, 668*n*48,56
- Alert test, 659
- Allen v. Chicago, 660, 668*n*54
- Alternate forms, need for, considering, 293
- Alternative personality measurement methods, 98–100
- Alternative selection procedures (ASPs), 456–457, 460–461, 717–718
- Alternative validation strategies, 684–701
- Ambition, as a measure, 93
- American College of Sports Medicine, 187
- American Educational Research Association (AERA), 37, 40, 42, 56, 57, 75–76, 78, 178, 179, 192, 418, 434, 445, 461, 648
- American Life Project, 51, 59
- American Management Association, 644
- American Psychological Association (APA), 37, 40, 42, 56, 57, 75, 76, 77, 78, 178, 192, 418, 434, 445, 461, 616, 617, 648, 649–650
- Americans with Disabilities Act of 1990 (ADA), 175, 186, 187, 188, 190, 196, 203, 450, 461, 647, 648, 652
- Anaerobic power: defined, 170; examples of testing, and validity, 176; and gender, 184, 187; as a physical ability, 169
- Analysis level, 142
- Anchored rating scales, creating and using, 168, 169, 294, 511, 515, 517, 553, 554–555, 565
- Anderson v. Westinghouse Savannah River Co., 657
- Andrews v. State of Ohio, 190, 192
- Angoff, use of, 658
- Annual Review of Psychology* (Sackett and Lievens), 425
- AOL, Inc., Davidson v., 666*n*7
- Aon Consulting, 781, 786, 787, 792, 793
- Applicant pools: and administrative and clerical assessment, 282–283; internal v. external, for supervisory promotion, 386; and professional and technical job assessment, 305–306, 314, 317; reducing, online screening tools for, 621; supervisory assessments for, 383

- Applicant Profile Industrial Suite, 786–787
- Applicant Profile Matrix, 781
- Applicant Profile Professional Sales, 787
