

Subject Index

- adaptive value of play, *see* functions
age changes, *see* developmental sequences
American Indian children, 88, 90, 94, 96–7, 113, 167
see also Parakana, Mehinaku
amygdala, 74–5
anthropological perspectives, 30–1, 122, 166, 171, 176, 194, 196, 215–16
associative fluency tasks, 145–6, 188
attachment security, 177–8, 209
autism, play in children with, 167–8, 170, 172, 207
- Baka, 89
benefits of play, generally *see* functions
 immediate or delayed, 67–8, 70, 118
 major or minor, 68–9
birds, play in, 41, 43–4
bonobos, 5, 57–60
bullying, 203–4
- category lists, 15–17, 27, 37–9
catharsis, 25, 207, 209
cats, kittens, felids, 5, 41, 45, 49–50, 53, 64, 68, 72–3, 150
cerebellum, 72
characteristics of playful behavior, 4–8, 11, 41–2, 44–6, 109–10
- chimpanzees, 14, 57–60, 78, 129–30, 151–2, 154, 195
cognitive development, cognitive skills, and play, 32–3, 39, 70, 130, 134, 188–90, 196, 202
cognitive immaturity hypothesis, 118–19, 204, 217
computer, video games, 12, 90, 97
construction play, 17, 23, 36, 124, 129, 134, 137, 139, 146, 155
correlational studies, 137, 146, 182–8, 199
costs of play, 64–8, 71, 195
creativity, creative-problem solving, 39, 75–7, 135, 138–40, 171, 173–4, 182–3, 188, 217
culture, and play, Chapter 5, 139, 171–2, 180–2, 195, 202
 cultural similarities and differences, 95–8, 113, 159, 166–7
- deer, ibex, 45, 53, 65, 68
definitions, of play generally, 4–8
 animal play, 41–2
 pretend or fantasy play, 148–55
deprivation, of play, 50, 52, 56–7, 68, 70, 102, 116, 118, 203, 205
developmental sequences and age changes in play, 35–9, 49–51, 54, 59, 66–7, 70–1, 87, 100–7, 117–18, 121, 124–8, 133–4, 136–7, 154, 177

- of physical activity play, 100–7
 - of pretend play, 155–9, 177
 - of sensorimotor play, 124–8
- disability, children with, 205–7
- dogs, puppies, canids, 5, 41, 45–6, 150
- dolphins, *see* whales
- dominance, 52, 54–6, 73, 75, 111–12, 121–2, 140
- dramatic play, *see* pretend play, sociodramatic play
- early childhood curriculum, 148, 196–7
- early European educators and the role of play, 22–3
- education, 21–2, 28, 30, 40, 99, 139, 181, 191, 193, 197, 201–3
 - see also* early childhood curriculum
- Efe, 180
- Equifinality, 68, 179, 185, 192, 217
- evolutionary theory and play, 24–7, 31, 39–40, Chapter 4, 81, 130, 138, 153–5, 170, 174, 213–16
- examples of what is play; and what is not play, 2–3
- exercise play, 3, 5, 8, 20, 35–6, 39, 64, 99–104, 116–19, 205
- experimental studies, 12, 15, 18, 31, 50, 56, 138, 211, 216
 - on object play and creative problem-solving, 140–6
 - on pretend and sociodramatic play, 188–93
- experimenter effects, 144–6, 188–9, 191–3, 211
- exploration, 3–4, 10, 43, 45, 126, 128, 131–3
- fantasy and reality, distinguishing, 161–3
- fantasy play, *see* pretend play
- friends, 117, 140, 161, 163–4, 166, 177
- functional play, *see* sensorimotor play
- functions of play, generally, 4–5, 24, 34, 56
 - of animal play, Chapter 4
 - of object play, 33, 134–40
 - of physical activity play, 71–2, 115–23
 - of pretend play, 180–93
- games, *see* rule-governed games
- gender differences, *see* sex differences
- Gikuyu, 88
- Gorillas, 57–60, 78, 151
- historical data on play, 19–20
- hormones, 88, 114, 136, 154
- hunter-gatherers, 80–5, 89, 93, 97, 113, 115, 117, 119, 122, 166–7
- hunting, *see* predation
- hypothalamus, 74–5
- idealization of play, 39, 68, 193, 196–7, 213–15
 - see also* play ethos
- imaginary companions, 159–61, 174, 183
- invertebrates, play in, 42–3
- Japan, 202
- Kalahari San, 113
- !Ko, 89
- Kpelle, 89–90, 92, 167
- !Kung, 89
- language play, 3, 8–9, 36
- life history, lifespan perspectives, 35, 41, 65–7, 78, 168–9
- literacy, 174–6, 181, 196
- locomotor or L-R play (in animals), 43–5, 47, 51, 53–5, 64, 71–3, 76–7, 117

- lower vertebrates, play in, 43
 lure retrieval tasks, 141–5
- mammals, play in, 44–61
 Marquesas, 93, 96
 Maya, 85, 93, 138, 167, 180–1
 meerkats, mongooses, 46–7, 74
 Mehinaku, 89
 methods of studying play, 12–20
 see also observational,
 experimental
 monkeys and apes, 5, 53–60, 72,
 129–31, 148, 150–2, 154–5,
 170–1, 177, 195
 motor skills, 71–4, 116–18, 137,
 205
- narrative scripts, 32, 158, 172,
 174–6, 191
 Nepal, 138
- object play, 3, 8–9, 16, 18, 32,
 39, 43–4, 46, 63, 71, 77, 99,
 Chapter 7, 148, 181, 217
 experiments on, 140–6
 in mammals, 45, 48–50, 53–5,
 72–3
 social aspects of, 130–1
 observational methods, in studying
 play, 12–15, 26–7, 31, 48, 51,
 56–8, 62–3, 101, 110, 146,
 157
 octopus, 42–3, 63
 Okovango Delta, 92, 136, 181
 Ona Eskimo, 115
 orang-utans, 57–60, 130
- Parakanā children, 17, 20, 81–7, 89,
 96, 122, 135, 167
 parental investment, 78–9, 181
 parent-offspring conflict, 26, 69–70
 parent/adult roles in encouraging
 and structuring play, 58, 66,
 91–3, 100–1, 114, 136–7, 152,
 158, 163, 165–6, 181, 194–9,
 206–10
 physical activity play, 8, 17–20, 32,
 41, 71, Chapter 6, 180, 194,
 203, 213, 217
 functions of, 115–23
 sex differences in, 113–15
 pinning, 51, 55
 play criteria, *see* characteristics of
 playful behavior
 play ethos, 11, 27, 31, 34, 91, 140,
 143, 169, 179, 182, 185,
 195–6, 214–15, 217
 play face, *see* play signals
 play fighting, rough-and-tumble, 3,
 5, 8, 14, 16–17, 32, 35–6, 39,
 41–2, 44–5, 48–9, 51–2, 54–8,
 64–5, 67–8, 71, 73–5, 77–8,
 87–8, 104–14, 119–23, 134,
 139–40, 148, 153–4, 163, 200,
 207, 213, 217
 changes with age, 111–13
 cultural differences in, 113
 telling apart from real fighting,
 107–9
 turning into real fighting, 110–11
 playgrounds, 101–3, 105, 109, 197,
 201–5, 215, 217
 play mothering, 45, 54, 58, 153
 Play Observation Scale, 38–9, 134
 play partners, 44, 47–8, 55, 73, 75,
 86–7, 93, 95, 106–7, 111, 140,
 166
 play signals, play face, 5, 44, 46–8,
 55–6, 58–9, 73, 107, 119, 150,
 153–4
 play therapy, 27, 207–12
 play training, play tutoring, 159,
 172, 188–90, 192, 196–7,
 207
 practice play, *see* sensorimotor
 play
 predation, predatory play, 47, 50,
 72–3, 120, 135

- pretend play, 3, 5, 8–9, 15, 17–19, 23, 27, 29, 32, 34–6, 39, 71, 77–8, 89–92, 99, 101, 129, 139, Chapter 8, Chapter 9, 194, 197, 199, 206–7, 209–10, 212, 217
- in animals, 60
- cross-cultural universality, 171–2
- development of, 155–7
- distinguishing fantasy and reality, 161–3
- evolution of, 170–1
- and friendship, 163–4
- models of role in development, 178–80
- solitary and social, 157–8
- theories concerning the function of, 172–8
- primates, *see* monkeys and apes
- psychoanalytic perspectives, 27, 30, 32, 34, 208
- psychological perspectives, 31–5, 215–16
- r and K strategies, 65–6, 69
- recess breaks, *see* playgrounds
- referential triangle, 130
- relevance of studying animal play, for human play, 77–9
- rhesus macaques, 56–7, 73, 121, 154, 195
- rhythmic stereotypies, 100, 113, 116
- rodents, mice, rats, 45, 50–3, 70, 72, 74
- rough-and-tumble play, R&T *see* play fighting
- rule-governed games, 3–4, 11–12, 16–17, 35–6
- seals, sea lions, 45–6, 48–9, 53, 65, 68
- sensorimotor play, 3, 8–9, 35–6, 124–31, 148, 153
- sex differences, gender differences, 47–9, 58, 69–70, 72–4, 86–8, 90–1, 95, 102, 105, 119–21, 133–4, 136, 139
- in object play, 134
- in physical activity play, 113–15
- in pretend play, 163
- sexual play, 46, 58
- sexual selection theory, 69, 114–15
- sheep, 47–8, 65, 68
- siblings, 82, 85, 90, 131, 158, 161, 177–8, 183, 210
- social class, 80, 85–6, 88, 91, 159, 166, 195
- social contingency play, 3, 8, 17, 194
- sociodramatic play, 8–9, 23, 39, 99, 129, 158–9, 166, 172, 174–6, 182, 189, 192–3, 196
- social skills, and play, 70, 182, 195, 197, 202, 204
- social play in animals, 43–6, 49, 51, 53–4, 56, 58, 64–5, 73–6
- squirrel monkeys, 55–6, 64, 68, 70, 74
- stereotypic behavior, 3–4, 10–11, 43
- Taiwan, 92, 202
- theory of mind, 151, 153, 175–8, 183–8, 191–2, 217
- tools, tool use, 59, 72, 126–9, 135–8, 141–5, 174
- toys, 19–20, 90, 94, 97, 101, 134, 159, 195–201, 206–7, 215, 217
- traditional societies, 11, 30, 78, Chapter 5, 119, 134–8, 167, 181
- types of play, 8–10
- wallabies, kangaroos, 45, 53
- war play, 165, 196–201
- whales, dolphins, 45, 53, 152, 154, 170
- work, 3–4, 11, 215
- Zapotec, 113
- Zhun/twa, 120
