

SUBJECT INDEX

A

A Dangerous Method, 403

A Way of Being, 394

ABC system, 99

Ability praise and criticism, 214

Abuse, 417, 418

Academic achievement, 116, 279, 347, 389

Acceptance, 378–382

Accidents, 403

Accuracy, 211

Achievement, need for, 77, 157, 159–166, 291

Atkinson's model, 161–165, 291

competition, 165, 166

conditions that involve and satisfy, 165, 166

development, 161

entrepreneurship, 166

integrating classic and contemporary approaches, 219, 220

moderately difficult tasks, 165

origins, 160, 161

tendency to approach success, 161, 162

tendency to avoid failure, 162

Achievement anxiety, 220, 221

Achievement behavior, 217, 408

Achievement for the future (see future achievement), 163

Achievement goals, 22, 215–221

growth-fixed mindset, 215, 216

mastery goals, 215–220

performance-approach goals, 215–220

performance-avoidance goals, 215, 219–221

Achievement Goal Questionnaire, 220

Achievement strivings, 3, 157, 158, 162–165

Acquired needs, 156–159

Activation, 307

Action, 51, 55, 57, 88, 112, 230, 230, 274, 408

Active nature of the person, 34, 35, 124

Actualizing tendency, 371–376, 383, 394

Adaptation, 14, 15, 128, 213

Adaptive unconscious, 399, 403–406, 420

defining features, 405

Addiction, 56, 57, 59, 279

Adjustment, 220, 366, 367, 390, 415

Affect (see Mood), 306–310

circumplex model, 307–308

Affective computing, 316

Affective neuroscience, 46

Affiliation, need for, 157, 166–169, 172, 173

conditions that involve and satisfy, 167–169

duality of, 167

establishing interpersonal networks, 168

Facebook, 169

fear/anxiety, 168

Affiliation strivings, 159

Agency, 61, 258, 268–273, 329, 416

Aggression, 18, 28, 106, 171, 279, 298, 343, 353, 354, 359, 398, 401, 431, 433, 434

Air deprivation, 291

Airbnb, 142

Alcohol, 81, 106, 171

Alcohol treatment, 116, 127

Allostatic load, 66

American dream, 367, 368

Amotivation, 115, 220, 121, 347, 378, 390

Amusement, 347, 390

Amygdala, 45, 46, 50–52, 55, 56, 318, 326, 401, 402

Anagrams, 137

Anger, 286, 296–298, 321, 329, 331–333, 340, 342, 343, 346, 354, 359

Anorexia, 30

Anterior cingulate cortex, 50, 51, 55, 56

Anticipation, 414

Anti-depressive drugs, 58, 59

Antisocial behavior (see Aggression), 18, 106

Anxiety, 28, 29, 61, 86, 160, 167, 168,

185, 221, 235–237, 298, 341, 352,

366, 367, 381, 398, 400, 409, 411,

413–415, 425, 433

Appeasement, 351

Appetite, 81, 82

Apologize, 350, 351,

Approval, 166, 373, 377, 380

Appraisal (in emotion), 296, 304, 314, 324–330

Arnold's theory, 325, 326

attributional, 332–334

complex, 327

decision tree, 330

emotion regulation and, 304–306

Lazarus' theory, 327–329

negative functional reappraisal, 305

primary, 328

process, 329, 330

secondary, 328

Approach motivation, 51, 61, 160, 308,

326, 349, 358, 373

Arousal, 22, 32, 50, 51, 58, 89, 102, 158, 170, 234, 307, 308

inverted-U hypothesis, 32, 33

optimal level of, 32, 33

Aspirations, 373

Athletes, 199

Attachment (styles), 344, 417, 418

Attainment value, 251

Attractiveness (physical), 90–93, 424

Attention, 15, 188, 189, 219, 234, 274, 304, 347, 391

Attentional focus, 304, 305

Attitude, 378

Attribution, 22, 35, 181, 246–248, 314, 322, 332–334, 352, 389

emotion and, 314, 332–334

explanatory style and, 247, 248

achievement motivation and, 33

Authentic pride, 352, 353

Authenticity, 271, 385, 387

Automatic pilot, 404, 405

Autonomic nervous system, 51, 57, 58, 314–317

Autonomous self-regulation, 109, 111, 112

Autonomy, 107, 110, 113–115, 119–121, 125, 128–136, 147, 148, 256, 257, 369, 385, 388, 417, 418, 424, 425

Autonomy causality orientation, 379, 380

Autonomy support, 128–136, 147, 148, 377, 378, 381, 425

benefits of, 135, 136

giving 133, 136

Autonomy-supportive intervention program (ASIP), 428–431

Autonomy-supportive strategies, 128–134, 148

acknowledges and accepts negative affect, 130, 132, 133

- displays patience, 130, 134
- perspective taking, 130, 131
- provide explanatory rationales, 130, 132
- use invitational language, 130, 134
- vitalize inner motivational resources, 130–132
- Avoidance, 104, 235, 236, 300, 326, 346, 373
- Avoidance motivation, 51, 61, 220, 221
 - and ill-being, 220, 221
- Awards, 220, 221
- Awaken the Giant Within*, 259
- Awe, 390
- B**
- B-values, 370
- Back to the Future*, 24
- Basal ganglia, 50–52, 55, 61
- Basketball, 158,
- Beauty and the Beast*, 370
- Behavior, 10, 16, 17, 113, 165, 163–165, 233, 235, 236, 243, 244
 - stream of, 16, 17, 163–165
- Behavioral approach system (BAS), 62, 63, 295, 317
- Behavioral inhibition system (BIS), 62, 63, 295, 317
- Behaviorism, 367
- Belief in the afterlife, 390, 411
- Beliefs, 35, 221–224, 251, 402, 431, 437
- Belongingness needs (*see* Relatedness), 369
- Benefit, 355, 356
- Benign envy, 354
- Bingeing, 38, 79, 85, 426
- Bidirectional communication in the brain, 48, 52, 63, 64, 402
- Biological needs (*see* Physiological needs)
- Blind rages, 398
- Body temperature, 36
- Blushing, 316
- Bodily demands, 400
- Bodily gestures (*see* Gestures)
- Body Mass Index (BMI), 86
- Bonding, 66, 90, 142–144
- Boot camp, 99
- Boredom, 33, 119, 120, 133, 139
- Bottom-up approach, 9, 484, 367
- Brain, 44–65, 181, 437
 - development of, 49
- Brain activations, 12, 13, 295, 317, 318
- Brain's reward center, 51, 53–57
- Bridget Jones's Diary*, 72
- Broaden-and-build, 22, 347, 387, 390, 391
- Buddhist thought, 286
- Bully, 305, 359
- Burnout, 390, 426
- C**
- Calm (calmness), 307
- Cancer, 390
- Candle task, 310
- Caring, 126, 133, 142–146, 148, 176, 345, 355, 360
- Cathexis, 409
- Causality orientations, 379–380
- Causality Orientations Scale, General, 380
- Challenge, 166, 215, 230, 231, 347
- Challenge seeking, 141, 373, 387
- Challenge-skill balance, 137–139
- Child-rearing practices, 214, 376
- Choice(s), 10, 11, 134, 135, 223, 235, 251, 276, 372, 379, 401
- Circumplex model of affect, 307, 308
- Civilization and Its Discontents*, 418
- Cognition and Emotion*, 40
- Cognitions, 8, 9, 40, 180, 243
- Cognitive empathy, 358
- Cognitive perspective on motivation, 39, 180, 181
- Cognitive control, 51
- Cognitive dissonance, 22, 33, 180, 204, 221–225
 - motivational processes, 224
 - dissonance-arousing situations, 222–224
 - self-perception theory, 224, 225
- Cognitive evaluation theory, 22, 33, 112–115
- Cognitive flexibility, 310
- Cognitive neuroscience, 46
- Cognitive revolution, 35
- Cognitive sharing of emotion, 335–337
- Communal relationships, 145, 146, 335
- Compassion, 286, 340, 358–360, 385, 392–394
- Compassionate leadership style, 173–175
- Competence, 3, 107, 113–115, 120, 121, 125, 147, 148, 217–219, 221, 251, 348, 349, 388, 415, 416
- Competence support (Structure), 128, 139–142, 148
- Competition, 66, 115, 159, 165, 352, 353
- Complex adaptive systems, 14
- Compliance, 105, 106, 377
- Concentration, 139, 348
- Conditional regard, 134, 373–378, 381
 - negative regard, 376–378, 424
 - positive regard, 376–378
- Conditions of worth, 374–377
- Confirmation of the other's capacity for self-determination, 381, 382
- Conflict, 51, 65, 190, 269, 270, 301, 352, 367, 374, 378, 398, 408, 409, 413, 431, 433, 434
- Congruence, 375, 377, 378
- Conscience, 413
- Conscious mind, 405
- Consequences, 100–106
- Consistent self, 261–263
- Consummation, 163, 164
- Contamination, 343, 344
- Contempt, 296, 298, 321, 340, 344, 345
- Contentment, 347
- Contingency, 243
- Control (*see* Personal control)
- Control causality orientation, 379, 380
- Controlling motivating style, 129, 131, 134, 190, 381
- Conundrum of choice, 134, 135
- Cooperative learning groups, 238
- Coping (with stress, failure, or threat), 35, 230–232, 237, 239, 240, 249, 250, 294, 328, 329, 341–343, 390
- Corporal punishment (*see* Spanking)
- Corrective motivation, 183
- Cortical brain, 47–51, 59–65, 402
 - anterior cingulate, 65
 - dorsolateral, 63
 - insula, 59–61
 - prefrontal, 61–63
 - ventromedial, 63, 64
- Cortisol, 65, 66, 317
- Counter-regulation, 86
- Craving, 286
- Creativity, 310, 347, 376, 391, 415
- Crying, 316
- Costs, 251
- Criticism, 214, 374, 377
- Culture, 39, 90–93, 366, 367, 384, 411
- Cultural aspects of emotion, 39
- Curiosity, 385
- Cyberball activity, 433
- D**
- Danger (*see* Threat)
- Dating, 94, 232
- Deactivation, 307, 345
- Decision making, 64, 235, 236, 276, 356, 357, 401, 405
- Decision-making flexibility, 128, 310
- Defense mechanisms, 372, 391, 398, 413–415, 426
- Deficiency needs, 369–371, 381
- Delay of gratification, 402, 409
- Deliberate practice, 275
- Deliberative-Implemental mindset, 203–206

- Delusions, 389
- Denial, 414
- Dentist, 305
- Depletion (see Energy depletion)
- Depression, 35, 58, 59, 86, 185, 245, 246, 298, 345, 366, 367, 377, 385, 392, 415, 416
- Deprivation, 370, 425
- Desire (sexual), 89
- Destructive emotions, 286
- Developmental growth, 135, 146, 379, 390, 412
- Diabetes, 81, 116
- Diary of Anne Frank The*, 302
