
SUBJECT INDEX

A

Accenture Public Sector Value Model
(Jupp/Younger), 58

Accountability, 94–95

lines, complication, 121

Achievement-oriented leadership
style, 354

Acquisition Letters usage, 56

Action-planning systems, usage, 224

Active representation, 339

Administration, principles, 20–23

Administrative Behavior (Simon),
26, 145–146

Administrative burdens, 213, 216–217

Administrative changes, 429

Administrative Management School,
20–23, 209–210

Administrative officials, influence, 201

Administrative processes, examination
(Simon), 26

Administrative survivors, 386

Affiliation commitment, 320

Affirmative action, 86, 91, 96, 118,
336–337, 340–341

Agencies, 43, 44. *See also*

Government agencies
continuum, 63, 64f

direction/control, 420

group support, 109

operations, court influence, 116–117

rules, reduction (NPR call for), 211

socialization, 338–339

Agencification, types, 46t

Agenda-setting process/agenda garbage
can, 122–123

Apolitical shield, creation, 385

Artificial intelligence (AI) systems,
adoption, 240

Attentive publics, 102

Attribute substitution theory, 148

Attribution models, 356

- Authentic leadership, 360–361
 Authority, hierarchy, 19, 222
 Authority-obedience management, 352
 Autonomous motivation, 284
- B**
- Balanced Scorecard (BSC), 57, 155–156
 Behavior
 context, impact, 380–384
 contingencies/variability, 383–384
 modification, 273, 276–277
Behavioral Theory of the Firm, A
 (Cyert/March), 27, 145, 425
 Behaviorism, 274
 Benefits, attitudes, 304–308
 Benevolence, patriotism, 310
 Bounded rationality, 34–35, 145–146,
 148, 186
 Brainstorming sessions, 406
 Britain, industrial firms (Woodward
 study), 32–33
 Brookhaven National Laboratory (BNL),
 redesign, 205–207
 Brownlow Committee, 21
Built to Last (Collins/Porras), 162
 Bureaucracies, types, 226
 Bureaucracy (Weber), 18–20
 analysis, application, 41
- C**
- Calculative commitment, 319
 Campbell's law, 149
 “Causal Texture of Organizational
 Environments, The” (Emery/Trist),
 31–32
 Cause-and-effect relations, 313
 Centralization/decentralization, 215
 Change
 agents, 430
 large-scale planned change, 427–430
 processes, 431
 resistance, 427–429
 types, 429–430
 Change-oriented behavior, 387
 Charisma, routinization, 414
 Charismatic leadership, 365–367
 attributional theory, 366
 Chief executives
 appointments/power, 113
 policy initiatives/executive orders,
 usage, 114–115
 Civil Rights Act of 1964, 54
 Civil Service Reform Act of 1978, 290
 Cobra effect, 149
 Coercive power, 176
 Cognitive resource utilization
 theory, 358–359
 Collaborarchy, 124
 Collaboration, 127–129, 450
 cross-sector collaborations, 457, 464
 literature, 453–469
 mechanisms, 458–462
 performance, 462–466
 reasons, 454–455
 relationship, 460–461
 success, factors, 463
 usage, 455–456
 Collaborative governance, 128, 451–453
 Commonweal organizations, 37–38
 Communication, 389
 assessments/audits, 399
 distortions, 400t
 governmental context, effects, 407–408
 management, 404–406
 problems, 399, 400t, 401
 roles, 398
 subformal communication, 408
 Compensation, impact, 306
 Competence values, 93–94
 Competing Values Approach, 155

- Competitive analysis, 194
 Computer-aided design (CAD), 240
 Computer-aided manufacturing (CAM), 240
 Computer-integrated manufacturing, 240
 Computer technology, influence, 241–242
 Conceptualization, competencies, 379
 Conflict, 389, 401–404
 aftermath, 403
 bases, 402–403
 management, 403, 404–406
 outcomes/suppression/escalation, 404
 stages, 403
 types, 402
 Congress, pay increase
 acceptance, 102–103
 Consideration (leader dimension), 351
 Consistency, emphasis, 21
 Constitution, provisions/limitations, 90–93
 Consumer Product Safety
 Commission, matrix management arrangement, 228
 Content theories, 261–270
 Contingency theory, 31–36, 82–84, 404
 Controlled motivation, 284
 Control, spans, 222
 Corporate social responsibility (CSR),
 research, 61–62
 Cosmopolites, 398
 Counterbiasing, usage, 408
 Country club management, 352
 Craft technology, 220
Creating Public Value (Moore), 56
 Crisis management, 378
 Cross-sector collaborations, 457, 464
 Cultural development, leadership (impact), 373–376
 Cultural leadership, 375
 Cultural messages, coordination, 374–375
 Culture, 371–372
 communication, 372–373, 375
 conceptions/dimensions, 370t
 considerations, 369
 Customer-focused designs, 229
 Cutback management, 418t–419t
- D**
 Decision
 interrupts, 190
 support, 241
 tools, 426–427
 Decision making, 217–222
 contingency perspectives, 187–188
 stress, 395–396
 systems (design), decentralization (usage), 226
 Deep state, 99
 Deinstitutionalization policy, example, 78
 Democracy-based logic, 465
 Democratic elections, implications, 91–92
 Democratic governance, 312
 Dependency, 177–179
 Digital corporation, 241
 Directive goal ambiguity, 139
 Directive leadership style, 354
 Discrimination, 339
 Diversity management practices, 345t–346t
 Due process, Constitutional provision, 91
- E**
 Economic authority, 65–67, 66f
 Economies of incentives, 301–302
 E-coordination, 223
 Education/research, public management issues, 8–9
 Efficiency, emphasis, 21
 E-Government Survey (2000), 246

- Employee empowerment, 180–182, 323–324
- Employee engagement, 324–327
- Employee Engagement Index (EEI) (OPM), 326–327
- Engineering technology, 220
- Enterprises, continuum, 63, 64f
- Entrepreneurial leap, engagement, 385
- Entrepreneurship, focus, 386–387
- Environmental entropy, 417
- Environmental management, engagement, 222–223
- Equal employment opportunity (EEO) initiatives, 114–115
- Equal protection, Constitutional provision, 91
- Equity theory (Adams), 268–270
- Ethics, research, 61–62
- Ethnic/racial socialization, 337–338
- European Union, rule-enforcing networks, 459–460
- Evaluative goal ambiguity, 139–140
- Exchange commitment, 320
- Executive information systems, 241
- Executive orders, usage, 114–115
- Executives, perceptions, 409
- Executive staff offices, influence, 113–114
- Expectancy theory, 259, 270–273, 271f
- Expert power, 176
- Externalities/spillovers, impact, 51–52
- Extrinsic incentives, 303
- Extrinsic motivation, 282–283
- F**
- Fault-Driven Model, 156
- Federal Activities Inventory Reform (FAIR) Act, 55–56
- Federal agencies
change, conditions, 448t
participation, necessity, 123–124
- Federal courts, influence, 115–117
- Federal Employee Attitude Survey, 307
- Federal Employee Viewpoint Survey (FEVS), 154–155, 327
- Feedback, term (usage), 16
- Felt conflict, 403
- Firms
classification, 33, 81
high performance management practices, research, 162–164
studies, 32–34, 81
- Five-level hierarchy (Maslow), 300
- Formal authority, 110–111
- Formal conventional (transactional) contracts, 466, 468–469
- Formal relational contracts, 466, 468–469
- For-profit (FP) organizations, decision-making conflict, 409
- Free riders, 51
- Freezing phase, 28
- Functional structures, 227
- Functions of the Executive, The* (Barnard), 24–25
- Funding, cross-classification, 68t
- G**
- Garbage can model, 147, 191–192
- Gatekeepers, positions, 398
- Generalist managers, 386
- Generalized self-efficacy, personal traits (identification), 316
- General measures, usage, 315–316
- General Social Survey, 335
- Geographical designs/structures, 229
- Geographic information systems (GISs), 241–242
- "Giving of orders" (Parker Follett), 22
- Global matrix structure, 229
- Global measures, 315–316
- "Goal and action" competencies, 138, 379

- Goals, 156
 ambiguity/clarity, defining/
 measuring, 138–140
 attainment, 328–329
 clarification, 387
 criteria, diversity, 150–152
 displacement, 148
 employee satisfaction,
 relationship, 280–281
 goal-setting theory, 279–281
 goal validity, 145
 Goal-setting, theory (Locke/Latham), 134
 Government
 arenas/actors/instruments, 119–120
 authority, Constitutional allocation, 92
 efficiency, 93–94
 employment, affirmative
 action, 337–338
 executives, political superiors
 (relations), 100
 growth, 210
 improvements/opportunities, IT
 (impact), 244
 inherently governmental policy, 55–56
 internal/external coordination, 243
 leadership, effectiveness, 384–388
 media scrutiny, 105
 news coverage, negativity, 106
 organizations, 53–55, 118, 239
 personnel systems, 88
 political rationales, 52
 pressures, reduction, 418
 public attitudes, 103
 structures, public organizations
 (embedding), 77–78
 teams, roles, 390
 Government agencies, 110–111
 myth, 99
 overseers/allies/competitors
 role, 117–118
 Governmental performance
 citizen evaluation, 105
 improvement, 342
 Governmental Performance and Results
 Act (GPRA), 133, 139, 152, 175, 186
 Government Performance Project
 (GPP), 154
 Grade creep, 448–449
 Gray sector, 43
 Groups, 27–29
 advantages/disadvantages, 394–395
 communication/conflict,
 understanding, 389
 contexts/structures/outcomes, 393–394
 formation/norms/roles, 392–393
 interconnectedness, 394
 management, 404–406
 problem-solving sessions, 431
 processes/performance, diversity
 (impact), 343
 support, public manager cultivation, 109
 Groupthink, 395–397
H
 Hawthorne studies (Western Electric
 Company), 23–24, 41
 Hierarchy, law, 208
 Hierarchy of prepotency, 296
 "Hierarchy of prepotency" (Maslow), 29
 High performance management, research
 (synthesis), 170, 171t, 172
 High-performance work systems/
 organizations, 391
 High-Performing Systems Model, 156
 Holacracy, 230–231
 Hoover Commission, 21
 Hope, 327–331
 Horizontal decentralization, 226
 Horizontal loading, 289t
 Human capital movement, 254–255

- Human Equation, The* (Pfeffer), 164
- Human group processes/
behaviors, 390–391
- Human needs
complexity, 297t
theory (Maslow), 29
- Human personality, organizations
(conflicts), 30
- Human relationships, 27–29
- Human relations, school/theories, 29–31
- Human resource changes, 429
- Human Resource Model, 153–154
- Human Side of Enterprise, The*
(McGregor), 29
- Human subjects review, 243
- Human values
complexity, 297t
motivation component, 301
- Hybrid organizations, 43, 44
continuum, 64f
explanations, 45t
obligations, 47
- Hybrid structures, 227
- Hygiene factors, 265–266
- I**
- Ideas, influence, 160–162
- Identification commitment, 319–320
- Identification problem, 60–61
- Impoverished management, 352
- Improvisation, involvement, 425–426
- Incentives, 294, 301–308
economy, 25
specification, 296–314
types, 298t–300t
- Incentive structures, 290–291
- Incremental decision-making
processes, 188–192
- “Index of Organizational Reaction”
(Smith), 316
- Inducement, process (concern), 26–27
- Inducements-contributions
equilibrium, 24–27
- Inevitable bureaucracy, 380–381, 407
cycle, 138
- Informal influence, 112
- Information and communication
technologies (ICT), needs/resources
identification, 241
- Information asymmetry, 51
- Information processing, 217–222
- Information technology (IT),
204, 244–245
developments/challenges, 245
influence, 221, 246
IT and public organizations, 240–248
- Inherently governmental policy, 55–56
- Initiating structure (leader
dimension), 351
- Innovation, 421–423, 422t
- Input, term (usage), 16
- In Search of Excellence* (Peters/Waterman),
160–162, 164–165
- Institute for Public Service Value (IPSV),
Accenture initiation, 58
- Institutionalism, concepts (divergence),
86–87
- Institutionalization processes, studies, 86
- Institutional logic, 464–465
- Institutional pluralism, 464–465
- Institutional theory, 36
- Interagency strategies, development, 125
- Interdependence
patterns, 218–219
structures, 124, 158
- Interest groups/clients/constituencies,
impact, 107–110
- Internal Process Model, 153–154
- Internal Revenue Service (IRS)
operating divisions, 205

- reform/restructuring, 174
 - International City Management
 - Association (ICMA) survey, 247
 - International Communications
 - Association, communications audit survey questionnaire, 408–409
 - International Social Survey, 295, 335
 - Internet, influence, 241–242
 - Intrinsic incentives, 303
 - Intrinsic motivation, 282–283
 - Intrinsic rewards, 307–308
 - Invisible hand, impact, 50
 - Iron triangles, 120
 - Issue networks, formation, 121
- J**
- Jackson v. Metropolitan Edison*, 53–54
 - Job characteristics/designs, 317
 - Job Corps, 123, 221
 - Job involvement, 332–334
 - Job performance, 399
 - Job satisfaction, 315–318
 - Jurisdictional areas (establishment),
 - rules (usage), 19
- K**
- Key performance indicators (KPIs), 135
- L**
- Language, usage in culture, 373
 - Large-scale planned change, 427–430
 - contrasting cases, 442–449
 - success/failure, 437–449
 - Latent conflict, 403
 - Lateral linkages, design, 224
 - Lateral relations, creation, 223
 - Leader-member exchange (LMX)
 - theory, 357
 - Leaders, 366–367
 - dimensions, 351
 - leader-member relations, 352
 - match procedure, 353
 - normative model (Vroom-Yetton), 355
 - position power, 352
 - Leadership, 348, 381–383
 - attribution models, 356
 - authentic leadership, 360–361
 - charismatic leadership, 365–366
 - contingency theory (Fiedler), 352–353
 - effectiveness, 384–388
 - life-cycle theory, 355–356
 - networking effectiveness, 126–127
 - Ohio State University studies, 350–351
 - organizational culture,
 - relationship, 368–373
 - path-goal theory, 353–355
 - processes, involvement, 11
 - servant leadership, 360
 - shared leadership, 359–360
 - skills-based model, 350
 - styles, 354, 431
 - theories, 349–361
 - traits/skills theories, 350
 - transactional leadership, 364–365
 - transformational leadership, 363–365, 387–388
 - Least preferred coworker (LPC) scale,
 - 352–353, 358–359
 - Legislation, usage, 110–111
 - Legislative bodies, impact/
 - authority, 110–111
 - Legislative committees, 111
 - Legislative influences, characteristics, 112
 - Legislative power, limits, 112–113
 - Legitimacy loss, 417
 - Legitimacy Model, 156
 - Legitimate power, 176
 - Lemon problem, 51
 - Liaison devices, usage, 224
 - Liaison roles, 398

- Life-cycle theory, 355–356, 404
 Local governments, management/
 performance research, 169–170
 Logical incrementalism, 194
 Long-liked technologies, 218–219
- M**
- Machine bureaucracies, 226
 Madisonian systems, 401–402
 Management, 6–9, 382–383
 behavior, leadership theories, 349–361
 democratic elections,
 implications, 91–92
 positions, role, 19
 reform movement, 22
 strategy, 168–169
 Management information systems
 (MISs), 241
Management of Innovation, The
 (Burns/Stalker), 33
 Management Performance Assessment
 Tool (MPAT), 154
Management Science (Cameron), 156
 Managerial grid (Blake/Mouton),
 351–352, 384
 Managers
 crisis management, 72, 378
 decisions, controls/roles (impact), 381
 roles, 348, 361, 363, 378
 work, 361, 363
 Manifest conflict, 403
 Manpower Administration, creation, 112
 Market
 designs, 229
 equilibrium/failures, 50
 market-based logic, 465
 problems, creation (government
 action), 52
 structure, 229
Marsh v. Alabama, 54–55
 Mass publics, 102–103
 Master of public administration
 (MPA) programs, MBA programs
 (comparison), 8–9
 Matrix designs, 227–228
 Mechanistic organizations, 33
 Media attention, variation, 107
 Media power, 104–107
 Merit Systems Protection Board (MSPB)
 survey, 154–155, 259, 273, 306
 workforce engagement initiative, 324
 Minnesota Satisfaction Questionnaire, 315
 Mission statements, development, 368–369
 Mixed scanning, 189
 Money, attitudes, 304–308
 Monopsony, 50–51
 "Most important" incentives, 302–304
 Motivation, 252–255, 296
 components, human values
 (relationship), 301
 context, 256–257
 enhancement, 278–279
 measurement/assessment, 257, 259–260
 practice/techniques, 288–289
 public employees, self-reported
 motivation, 291–293
 stimulation, challenge, 346–347
 umbrella concept, 260–261
 motivation-related variables, 331–336
 theories, 261–288
 Motivators, 263t, 265–266
- N**
- Narratives, usage, 373
 National Organizations Study (NOS), 214,
 236–237, 389
 National Performance Review (NPR), 93,
 114–115, 198, 243–244
 federal government reform
 initiative, 304

- jobs elimination, 416–417
 - National Public Management Research Conferences, meetings, 8–9
 - National Training Laboratory (training sessions), 29
 - Nature of Managerial Work, The* (Mintzberg), 363
 - Need for achievement (n Ach) (McClelland), 266–268
 - Needs
 - categories, 262t–263t
 - hierarchy (Maslow), 264–265
 - specification, 296–314
 - Negative charismatics, 367
 - Networking administrative organizations (NAOs), 126?
 - Networks, 121–126
 - New Public Management (NPM), 44, 133–134, 152, 450–451
 - collaborative governance, 452–453
 - models, foci/emphasis, 466
 - News media
 - power, public opinion (impact), 105
 - relations, management guidelines, 108t
 - Nonprofit organizations
 - role/management, 37–39
 - Nonprofit organizations, innovation, 423–424?
 - Nonworking bureaucracies, bureaucrat (examples), 335
 - Normative commitment, 319
 - Normative model (Vroom-Yetton), 355
 - Not-for-profit (NFP) organizations,
 - decision-making conflict, 409
- O**
- "O Area" reforms, 442–445
 - Office of Management and Budget (OMB), 254–255
 - budgeting authority, 114
 - Circular A-76 (OMB A-76), 55–56
 - Office of Personnel Management (OPM), 154–155, 228, 252–253, 447
 - Employee Engagement Index (EEI), 326
 - surveys, 291
 - workforce engagement initiative, 324
 - Official goals, 136
 - Ohio State University, leadership studies, 350–351
 - Open-systems approaches, 31–36
 - Operant conditioning, 357–358
 - concepts/principles, 275t
 - theory, 273–277
 - Operative goals, 136–137
 - Opinion leaders, 398
 - Optimism, 327–331
 - Organic organizations, 33
 - Organizational analysis
 - framework, 11f, 12f
 - reactions/critiques/developments, 23–36
 - Organizational behavior (OB), 6–7, 253, 294
 - leadership theories, 349–361
 - Organizational behavior modification (OB Mod), 276–277
 - Organizational change
 - management, 413
 - patterns, 438t
 - planned, 427–429
 - process, 413–421
 - types, 429–430
 - Organizational change, implementation (determinants), 440t–441t
 - Organizational citizen behavior (OCB), 281
 - Organizational commitment, 319–320, 334–336

- Organizational culture, 348
 - assessment, background references (usage), 372t
 - dimensions, elaboration, 369, 371
 - leadership, relationship, 368–373
- Organizational death, 420
- Organizational decision making, 145–150, 183–192
- Organizational decline/death, 416–421
- Organizational decline, tactics, 418t–419t
- Organizational demography, 336–346
- Organizational design, 35, 210, 222–227
 - cultural messages,
 - coordination, 374–375
- Organizational ecosystem, factors, 424
- Organizational effectiveness, 126–127, 133–135, 151t
 - approaches/models, 152–156, 157t
- Organizational environment, 78–80, 79t
 - analysis, 83–84
 - descriptive/analytical dimensions, 83t
 - research trends, 84–87
 - variations, research, 80–84
- Organizational goals, 133–137, 145–150
 - clarity, 331–332
- Organizational improvisation, 425–427
- Organizational learning, 425–427
- Organizational life cycles/stages, 413–427
- Organizational networks
 - effectiveness, 157–159
 - value added benefit, 126
- Organizational performance, 133–135, 159–172
- Organizational philosophy/creed, formal statements (development), 375
- Organizational resilience, 425–427
- Organizational structure, 204, 211–222
 - cultural messages,
 - coordination, 374–375
 - types, 226–227
- Organizational systems/procedures,
 - cultural messages (coordination), 375
- Organizational transformation, steps, 439t
- Organization development (OD),
 - 405, 430–437
 - action research model, phases, 432t
 - assumptions, 430–431
 - effects/controversies, 433
 - interventions, 431–433
 - management, 413
 - projects, success rate, 435–436
 - public sector usage, 434–437
- Organizations, 10–13, 15
 - behavioral theory, 24–27
