

Subject Index

- ABAS-3 Intervention Planner, 1200
 ABAS-3 questionnaire, 1199
 Aberrant Behavior Checklist, 754
 Academics. *See* Education and academic achievement
 Acceptance and commitment therapy (ACT), 1179
 Achenbach System of Empirically Based Assessment, 729–730
 Adapted Virtual Autism Behavior Observation (A-VABO), 750
 Adaptive behavior:
 on adult outcome, 1202–1204
 and autism symptomatology, 1197
 co-occurring conditions and symptoms, 1201–1202
 definition, 1195, 1198
 in diagnostic and clinical evaluations, 1197–1202
 and executive functioning, 1201–1202
 interpreting assessment results, 1200
 measures of, 1198–1200
 profiles of, 1196–1197
 TEACCH program, 1204
 tenets of, 1195–1196
 treatment and intervention program recommendations, 1200–1201
 Adaptive Behavior Assessment System, 1199
 Adaptive Behavior Evaluation Scale, Third Edition (ABES-3), 1199
 Adaptive Behavior Intervention Manuals, 1199
 Adaptive function, 778–779, 817, 845, 998, 1022, 1201
 Adolescents with ASD:
 language and communication in, 797–808
 multidisciplinary assessments of, 777
 social skills programs (SSP), 1121–1124
 Adrenocorticotrophic hormone (ACTH), 1425
 Adults with ASD:
 behavioral assessment, 819
 first-time diagnosis, 752–753
 multidisciplinary assessments of, 777
 outcome, adaptive behavior on, 1202–1204
 social skills programs (SSP), 1124–1126
 transition outcome goals, 1372
 Affective theory, 843
 Ages and Stages Questionnaire, Third Edition (ASQ-3), 690
 Aggression behaviors, 1023–1024
 Alliance for Scientific Autism Intervention (ASAI), 870, 883
 Alpine Learning Program, 869
 American Academy of Pediatrics, 679, 1414
 American Association of Child and Adolescent Psychiatry (AACAP) guidelines, 1414, 1416–1417, 1420–1421
 American Association of Mental Deficiency (AAMD) Adaptive Behavior Scale–School Version, 735
 American Association on Intellectual and Developmental Disabilities' (AAIDD), 1199
 American Indian/Alaska Native (AI/AN) population:
 autism prevalence and disparities, 1258
 Parents Taking Action program, 1260
 American Psychological Association, 718, 1318
 American Speech-Language-Hearing Association, 1318
 Americans with Disabilities Act (ADA), 1157, 1287, 1400
 Annotation, 1102–1103
 compensation, 1094–1095
 Antecedent-based interventions, 1216
 Anticonvulsants, 1423
 Antipsychotics, 1422–1423
 Applied behavior analysis (ABA), 1210, 1314, 1331, 1334, 1420
 challenging behaviors, 1018, 1028
 comprehensive programs, 872
 evidence-based practices (EBPs), 1382

- Applied behavior analysis (ABA)
 - (*Continued*)
 - naturalistic developmental behavioral intervention (NDBI), 922, 924–925
 - parent training, 1179
 - Applied research:
 - basic vs., 1371
 - outcomes involving physical activity, 1376–1380
 - on population outcomes, 1376–1378
 - Applied verbal behavior (AVB), 902
 - The Appraisal of Guidelines for Research and Evaluation instrument, 1409
 - AQ-10 screening method, 1415–1416
 - Article 13 of the European Conventions on Human Rights, 1302
 - Artificial intelligence (AI), 1110, 1261
 - Asian population:
 - prevalence and disparities, 1258
 - Asperger's syndrome, 717, 747, 1271
 - ASPs. *See* Autism-specific college support programs (ASPs)
 - Assaultive behavior, 1270. *See also* Behavior
 - Assessment of Basic Language and Learning Skills-Revised (ABLLS-R), 820
 - Assessment of Functional Living Skills (AFLS), 820, 1201
 - Assistive technology (AT), 1089
 - artificial intelligence (AI), 1110
 - behavior tools, 1107–1109
 - diversity and equity, 1090
 - emerging technology, 1109–1110
 - executive function skills, 1106–1107
 - implementation, 1090
 - math tools, 1103–1106
 - note-taking tools, 1102–1103
 - overview, 1089–1090
 - reading tools, 1093–1098
 - robot-assisted autism therapy (RAAT), 1109
 - social stories, 1091
 - Student, Environment, Task, and Tool (SETT) framework, 1090
 - video modeling, 1092–1093
 - virtual reality (VR), 1109–1110
 - visual schedules, 1091–1092
 - visual supports, 1090–1093
 - writing tools, 1098–1102
- Attention:
- broadening, 930
 - joint (*see* Joint attention)
 - TEACCH program, 976
- Attention-deficit/hyperactivity disorder (ADHD), 854
- Auditory Integration Training (AIT), 1421
- Augmentative and alternative communication (AAC), 790, 792–794, 1216
- addressing challenging behaviors, 998–1000
 - assessment, 995
 - benefits, 993–994
 - communication competence, 995
 - discrete trial training (DTT), 1003–1004
 - effective communication mode, 995–996
 - evidence base for, 1007–1008
 - Experimental Single Case Designs (ESCD), 996, 999, 1001, 1009
 - focusing on individual, 995
 - Functional Communication Responses (FCR), 999
 - Functional Communication Training (FCT), 998–999
 - future directions, 1007–1010
 - individualization, 994
 - neurodiversity-affirming practice, 1009–1010
 - overview, 993–994
 - person–environment fit, 1000, 1003
 - in physical and social environments, 1003–1007
 - in physical environment, 1001–1002
 - Picture Exchange Communication System (PECS), 996, 1001
 - positive outcomes of, 997
 - quantity and quality, 1007–1008
 - randomized controlled trial (RCT), 1003–1004
 - relevance and meaningfulness, 1008–1009
 - single-case Multiple Baseline (MBL) design, 998, 1001
 - Speech-Generating Devices (SGDs), 996, 1001, 1003–1005
 - supporting inclusion, 1005–1006
 - unaided and aided options, 993
 - upskilling and enabling communication partners, 1000–1001
- Australian Scale for Asperger's Syndrome (ASAS), 748
- Autism Act 2009, 1301–1302
- Autism and autism spectrum disorder (ASD):
- adaptive behavior in (*see* Adaptive behavior)
 - adults with (*see* Adults with ASD)
 - ASD–police interactions, 1285–1287
 - children with (*see* Children with ASD)
 - conditions associated with, 1418–1419
 - and cyber-dependent criminality, 1292
 - diagnostic tools, 1235–1236
 - historical overview, 1281–1282
 - medical or neurological problems, 1419
 - mental and behavioral disorders and, 1419
 - nature and location of research, 1234–1235
 - neurodevelopmental conditions and, 1419
 - police curricula, 1297
 - police training, 1296–1297
 - psychopathy, 1282
 - treatment for (*see* Interventions and treatment)
- Autism and Developmental Disabilities Monitoring (ADDM) Network, 718, 1254–1255
- Autism Behavior Checklist (ABC), 712, 734–735, 754
- Autism Behavior Coding System (ABCS), 754
- Autism care, equitable access to:
- early identification and intervention, 1259–1260
 - expanded screening ages, 1260
 - family navigation approach, 1260
 - integrated care coordination, 1260
 - parent activation programs, 1260
 - provider training, 1260–1261
 - telehealth, 1261
 - use of artificial intelligence, 1261
- Autism Detection in Early Childhood (ADEC), 697–698
- Autism Diagnostic Interview (ADI), 736
- Autism Diagnostic Interview–Revised (ADI-R), 710, 712, 716, 722, 724, 753
- Autism Diagnostic Observation Schedule (ADOS), 1351–1352, 1358
- Autism Diagnostic Observation Schedule-2 (ADOS-2), 710, 721–722, 744–745, 791, 819, 855, 1256–1257, 1291
- Autism Diagnostic Observation Schedule-General (ADOS-G), 692, 1417
- Autism Impact Measure (AIM), 754
- Autism Observation Scale for Infants (AOSI), 696, 739–740, 791
- The Autism Phenome Project, 1363
- Autism Screening Instrument for Educational Planning (ASIEP), 734
- Autism Self Advocacy Network, 1130
- Autism-specific college support programs (ASPs), 1165–1168
- logistics, 1166
 - mental health support, 1167
 - outcomes, 1167

- peer mentoring, 1166–1167
 role of parents, 1167
- Autism Spectrum Disorder (ASD):
 auditory hypersensitivity, 1286
 CAM (*see* Complementary and alternative medicine (CAM))
 chelation therapy, 1315, 1317–1318
 criminal justice system, 1282–1284
 emerging treatments, 1315
 and extremism, 1290
 housing individuals in carceral and forensic settings, 1284–1285
 and neuroscience, 1302–1304
 noninvasive neurostimulation and neurofeedback, 1320–1322
 nutritional interventions, 1319–1320
 prevalence rates, 1282
 related lawsuits, 1288
 sensory hypersensitivity, 1286
 social-communicative deficits, 1285–1287
 testimony challenges, 1294–1295
 treatment categorization, 1315–1316
 and violence, 1290–1291
- Autism Spectrum Disorder–Diagnostic Interview and Activities–Lifespan, Version 2 (ASD-DIAL), 750
- Autism Spectrum Quotient (AQ), 748–749, 1293
- Autism Spectrum Rating Scales (ASRS), 735–736, 853
- Autism Stigma and Knowledge Questionnaire (ASK–Q), 1242
- Autistic-like traits, 1292–1294
- Autistic offenders, needs of:
 assessment, 1275–1277
 treatment and rehabilitation, 1277–1278
- Avoidant/restrictive food intake disorder (ARFID), 1025
- Bayley Scales of Infant Development, Fourth Edition (Bayley-4), 1199
- Behavior:
 assaultive, 1270
 challenging (*see* Challenging behaviors)
 disruptive, 847, 1107, 1334
 management, 1382
 planning and evaluation, 834
 recreational participation, 1064–1065
 skills training, 1297
- Behavioral assessment:
 across multiple systems of interaction, 822
 assessment-driven treatment planning, 834–835
- Autism Diagnostic Observation Schedule, Second Edition (ADOS-2), 819
- behavioral unity, 820
- bottom-up approach, 819–820
- characteristics, 818–834
- criterion of ultimate functioning, 820
- criterion-referenced, 820, 832–833
- curriculum-based measurement, 831–832
- data analysis, 829–830
- developmental sensitivity, 818–820
- dimensions, 820
- duration, 820
- ecological assessment as, 833–834
- functional assessment models, 823–831
- Functional Assessment of Academic Behavior (FAAB), 834
- functional ecological approach, 818
- future directions, 835–836
- goals, 818
- hypothesis-testing process, 817
- identification of target behavior(s), 827
- indirect methods and direct methods, 827–829
- intensity, 820
- interdisciplinary collaboration, 822–823
- interresponse time, 820
- latency, 820
- learner characteristics, 831
- methodologies in, 817
- molar and molecular levels of analysis, 820–821
- multidimensional assessment, 821–822
- multimethod approach, 818
- scope of, 835
- skill assessments, 831–834
- standardized assessments, 833
- Structured Ecological Assessment Tool, 834
- topography, 820–821
- Vineland Adaptive Behavior Scales, 819–820
- Behavioral/psychological interventions, 1420–1421
- Behavior Analyst Certification Board (BACB), 870, 897, 910, 913
- Behavior Observation Scale (BOS), 728
- Behavior Rating Instrument for Autistic and Atypical Children (BRIAC), 727–728
- Behavior Rating Inventory of Executive Functioning, Adult Version (BRIEF-A), 1202
- Behavior Rating Inventory of Executive Functioning, Second Edition (BRIEF-2), 1202
- Behavior tools:
 assistive technology (AT), 1107–1109
 classroom supports, 1107–1108
 data collection, 1109
 self-monitoring and wearables, 1108
- Better Outcomes and Successful Transition for Autism (BOOST-A), 1164
- Biomedical and nutritional interventions, 1422
- Black families:
 Parents Taking Action program, 1260
- Blue Envelope Program, 1287
- Brain function. *See* Cognition
- Brief Autism Detection in Early Childhood (BADEC), 697–698
- Brief Autism Mealtime Behavior Inventory (BAMBI), 1026
- Brief Observation of Social Communication Change (BOSCC), 753
- Brief Observation of Symptoms of Autism (BOSA), 749, 780
- Broad-based screening measures, 690–691. *See also* Screening measures
- Buckland Review of Autism Employment, 1302
- Bullying, 1288–1290
 school-related, 1039–1040
 in social environment, 1069
 vulnerability to, 1274
