
SUBJECT INDEX

- 3-step change model (Lewin)
255, 258f, 259
- A**
- Abstract conceptualizing (AC)
abilities 281, 282
- Academic acceleration,
digitalization/COVID-19
policies (impact) 430–432
- Academic capitalism 22
- Academy of Human Resources
Development (AHRD) 268
- Accountability, involvement 224
- Action: critical action 57–58,
82–85; critiquing 78–79;
definition 195–196; informed
action, taking (critical thinking
activity) 71, 79; justification 85;
levels 135t; mental/physical
activity, requirement 83;
options, exploration 317;
research, collective ethos 255;
results 132–133; uninformed
action, taking 83–84
- Action inquiry 295–297;
engagement 132–136; reflective
practice, relationships 291–297;
value 134–135
- Active adult learning programs,
facilitation 463
- Active experimentation (AE)
abilities 281, 282
- Active learning (AL) 203, 468;
adult learning design principle
395; approaches 485–486;
design 475, 478–485; design/
facilitation 475, 478; exercise
facilitation, effectiveness 480;
explanation strategies 479;
facilitation strategies 479;
implementation 469–471;
considerations 468–471;
incorporation 437; planning
strategies 479; promotion,
practices 212–213; quick active
learning exercises, integration
484–485; strategies, literature
review 478–479; usage 474–475
- Activity: experiential andragogy
model stage 279; fostering 446
- Activity-oriented learners,
socialization opportunity 163
- Adaptation, experiential andragogy
model stage 279
- Adaptive challenges (wicked
problems) 126
- Adaptive change 265
- Adaptive L4T 327
- Adaptive leadership 126
- Adaptive learning, personalization
(relationship) 413
- Adult basic education (ABE) 14, 151
- Adult education (AE) 94–96;
analytic philosophy 110–111;
boundaries 97–101; careers
101–107, 124; pursuit 93;
concepts/terms, definition 6;
consideration 126; definition
96; delivery systems 98, 100;
early adult education, research
189; field, changes 123–124;
generative artificial intelligence
(GAI), relationship 435–437;
goal, maintenance 326–327;
human resource development,
divisions 97–98; knowledge:
base, teaching 101; transfer
101; motivation, impact

- 163–174; online learning, advantages 447–448; philosophical frameworks, proposal 110; philosophies 108–114; types 110; philosophy of adult education inventory (PAEI) 110–111; postmodern philosophy 111; practice/scholarship, forward-looking domain 5; principles/perspectives 108–114; professional development, problems 95–96; professional identity, forms 102–103; professional preparation 105; programs: assessment/evaluation 406–407; design 394; pyramid 99f; reflection/analysis 105, 107; roles 101–107; trends, summary 414t
- Adult educators 94–96; becoming 121; career path 96; classification 102; competencies 104–105, 106t, 107; effectiveness 124; global adaptive stance, cultivation 124–129; identification 13; models 287–290; reflection, action levels 135t; roles, categorization 101; self-identification 95; work, critical thinking 129–138
- Adulthood: change, coping 268–271; learning/change, connection 251; learning, experiencing 274; social roles 199–200
- Adult intelligence, construct (problems) 360
- Adult learners: assumptions 191–206; set 193; change, pace/planning/scale (application) 263–265; characteristics 256t–258t; connected adult learner 429–430; culturally responsive teaching research 38; de-stressor 261; development levels, transition 367; identification 13–14; independent self-concept 195; knowledge, challenge 54–55; learning, engagement 199; motivation 4–9; understanding 153; unwilling adult learner, creation 181
- Adult learning: active adult learning programs, facilitation 463; adult educator facilitation 95; assistance 187; case studies, usage 402; challenges 4–5; change, relationship 252–255; context 1; context, location 10, 13; critical perspectives, application 53; design: instructional strategies 400–404; principles 394–397; development, andragogy (usage) 188–191; engagement 220; experiences, design 391; facilitation method 16; framework 10, 13–17, 493t; global capitalism, relationship 27–28; implications 256–258; lectures, data 467; lexicons 43–44, 46; loop 260f; modular formats 413, 415; motivational factors, comparison 164t; neuroscience, connection 345; overlooking 252; problem-centered aspect 202; process 14; real-world scenarios, usage 402; terms 11t–12t; theory/practice, link 3; understanding 20, 260–263; VUCA, connection 7t–8t; workforce, adult learning 15
- Adult learning program: design 391, 397–400; design, challenges 407–408; facilitator role 404–405; planning 409–412; structure 410–411
- Adults: change, relationship 254; development, integration 197–198; disruption, minimization 255; Internet usage 429; motivation, integrated levels 170–174; online learning, design 427; self-directed learners, assumption 207–208; self-directedness, valuation 218; teaching: andragogical approach, significance 190–191; unease 189
- Adult's Learning Projects, The (Tough)* 189
- Adult students, classrooms (location) 311
- Africana womanism 66
- Afrocentric feminism 66
- Afrocentric feminist epistemology, tenets 330
- Ageism 39
- Aging, signs/symptoms (seriousness) 357t
- AI-assisted writing, usage 235
- Alignment, learning design principle 396
- Alone Together: Why We Expect More from Technology and Less from Each Other* (Turkle) 24
- Ambiguity: acknowledgement 276; handling 146
- American Association for Adult and Continuing Education (AAACE) members, bounding 267–268
- Analytical intelligence 362
- Andragogy 75, 161; application 187; approach, significance 190–191; concept 13–14; criticism 206–207; current status 206–209; definition 192; development 189; experiential andragogy 279; experiential learning, relationship 278–279; foundational work 275; global discussions/critiques 190–191; historical development/implications 208; humanistic psychology, relationship 204; meta-analysis 208; narrative 68; practice 274; principles 193–194; learning experiences, relationship 209; support, results 207; theory, theoretical principles (application) 209; usage 188–191; enthusiasm 206
- Apprenticeship (TPI perspective) 114
- Ardern, Jacinda (COVID-19 leadership) 270
- Artificial intelligence (AI) 264; advancement 436–437
- Arts-based learning 335

- Assessment 411; factors 406; tools, andragogical principles basis 208
Assessment Strategies for Self-Directed Learning (Costa/Kallick) 236
 Assumptions: causal assumptions 76; consideration 74–76; critical assessment 316–317; definition 74; paradigmatic assumptions 75–76; prescriptive assumptions 74–75; reconstituting 294
 Attention 357; orientation 376
 Attitude: development 46, 417; motivational condition 171–172
 Augmented reality (AR), usage 415
 Authenticity (learning design principle) 396
 Authentic/realistic assessment 174
 Autonomy 222, 224; creation 452; fostering 157–158, 160; motivation focus 156
 Awareness-building processes 67
 Awareness, exercise 297
 Awaring, defining 325
- B**
- Banking education, metaphor 138
 Behavioral objectives, writing 393
 Behavior, control 367
 Behaviorism (AE philosophy) 110
 Behavioristic motivation theory 161
 Being critical: aspects 57t; meaning 55–58; perspective 73–74
 Beliefs, consideration 74–76
Bildung (becoming), process 96
 Billionaires, behavior 23
 Binaries, identities (questioning) 68–69
 Biological Sciences Curriculum Studies (BSCS) 377
 Black feminism 66; emphasis 140
 Black Feminist Thought 66, 140
 Black Lives Matter: events, impact 314; influence 56, 61–62, 69, 74, 97, 313–314
 Blending learning 435; technology, integration 402–403
 BLOOM Hub 432
 Boundaries 267–268
 Brain: description 347–349; drain 42; health 359; plasticity 353–354; TED Talks 355; resources 380; right brain/left brain dominance 351–352; sidedness, neuromyth 352; signals, sending/receiving 349; three-part triune brain 350–351; two-part hemispheric brain 351–352; usage, percentage (neuromyth) 352
 Brave spaces, creation 328
- C**
- Capitalism 24; labor, theft 27
 Career development, integration 197–198
Career Pathways in Adult Education (Monaghan, et al.) 101
 Caring, ethic 330
 Case-based learning, usage 234, 408
 Case studies, usage 402
 Causal assumptions 76
 Change: 3-step change model (Lewin) 255, 258f, 259; acceleration 268; adult learning, relationship 252–255; adults, relationship 254; buy-in/support, improvement 269–270; capacity (enabling), learning (impact) 262; dynamic, understanding 260–263; feedback loop 260f; implications 256–258; maintenance 259; pace 263, 264; pace, viewpoint 32–33; planning 263, 264–265; process 252–253; scale 263, 265; systemic change 294; types 253, 254–255, 264–265
 Change, coping 268–271; community/organization strategies 268–269; group/team strategies 270; individual strategies 270–271; leader strategies 269–270
 ChatGPT: impact 33; usage 221, 235, 262
 Checking assumptions (critical thinking activity) 71, 79
 Citizenship, social issues 130
 Civil rights, GM inattentiveness 60
 Civil Rights Movement. *See* US Civil Rights Movement
 Clarity (motivation pillar) 170
 Class credits, requirements 226–227
 Class formats, alternatives 276
 Classical motivation theory 160t; comparison 164t
 Classrooms: flipped classroom 202, 443, 473, 475; learning for transformation 311–312; settings, study 311
 Clinical placement, usage 283
 Coach, educator role 286
 Coaching assessment tools, validity 208
 Coca-Cola, impact 25–27
 Cognitive curiosity 129
 Cognitive development: stages (Piaget) 367t; wisdom, relationship 365–375
 Cognitive engagement, level (change) 376
 Cognitive-focused wisdom models 368–369, 370t–371t
 Cognitive motivation theory 162
 Cognitive processes, learning assessment ability 230
 Cognitive science, impact 469
 Cognitive strategies, teaching 376
 Collaboration skills 433
 Collaborative inquiry tools, usage 66
 Collaborative learning 401–402; usage 171
 Collegial intimacy, development 197
 Colonialism, definition 141
 Colonization 140–141
 “Comfort Women” (sexual slavery) 64
 Comfort zone 377
 Communication: skills 433; styles, differences 39
 “Communication on Building a European Education Area” (European Commission) 432
 Communities of practice (CoPs) 298–301
 Community (communities): building 452; change/attention 21; Coca-Cola, impact 25–27; sense, development 440; transformation, sites 313–314

- Competence: assumptions 433;
 building 317; development 174;
 engendering 46, 417;
 interpersonal competence,
 evaluation 197; motivational
 condition 174; professional
 digital competence 435
- Computer-mediated activities 428
- Computer terminals, tools 298
- Concrete experience (CE) 284–285;
 abilities 281; usage 330
- Confession, pedagogies 314
- Confidence (enhancement),
 teaching strategies
 (implementation) 175
- Connected adult learner 429–430
- Connections: making 453;
 reorientation 309
- Conscientization 29, 328–329;
 definition 137; development
 136–137; dialogue, impact 137;
 occurrence, belief 329–330
- Constructive alignment 393;
 learning design principle 396
- Constructive conversation,
 promotion 329–330
- Constructive feedback 407
- Constructivist perspective 289–290
- Consumerism 25
- Content: development 411;
 reflection 317
- Context 1, 10; educator awareness
 2; ignoring (SDL) 240;
 importance 232; incorporation
 331; self-directed learning
 (SDL) 232–236
- Continuity, principle 277
- Continuous change 264
- Conversation, usage 329
- Cooperative inquiry tools, usage 66
- Cooperative learning, usage 171
- Corporate learning/development 97
- Corporate mismanagement 71, 74
- Corporate wealth, impact 26–27
- Corporatocracy 23
- Correcting 84–85
- Courageous resistance, five
 Es 332–333
- Courageous vulnerability,
 display 326
- Courage to Teach, The* (Palmer) 122
- COVID-19 pandemic: Ardern
 leadership 270; collective pause
 55; events, VUCA context 314;
 global event 308; impact 13,
 263; life expectancy, change
 254; policies, impact 430–432;
 SDL project, example 220;
 VUCA situation 6
- Creating a Place for Adult Learners in
 Higher Education* (Rose) 312
- Creative intelligence 362
- Creative skills 433
- Credit (class credit), requirements
 226–227
- Crisis, adaptability (learning)
 128–129
- Critical action 57–58, 82–85
- Critical consciousness 137
- Critical cultural perspective 290
- Critical feminist pedagogy, hooks
 contributions 80
- Critical human resource
 development (CHRD) 63
- Critical management studies 63
- Critical participatory action
 research (CPAR) 67
- Critical participatory inquiry
 (CPI) 66–67
- Critical perspectives 60, 63–69
- Critical race theory (CRT)
 (Ladson-Billings) 62, 63–64
- Critical reflection 224; defining
 329; fostering 328–329; phases
 294; practice 312–313
- Critical self-examination,
 practice 132
- Critical theory 57–69
- Critical thinkers, noncritical
 thinkers (contrast) 75
- Critical thinking 55, 69–81; action,
 complications 85; activities 71;
 adult educator consideration
 129–138; defining 70–74;
 effectiveness, importance 71;
 hooks contributions 80;
 process, description 71;
 requirements 55–58; resources
 70; skills 433; social learning
 process 80; steps, application 72
- Criticalthinking.net (critical
 thinking resource) 70
- Crystallized intelligence
 360–362, 361f
- Cultural humility: assessment
 143–144; cultural competence,
 contrast 142; practice 140–143
- Culturally responsive teaching
 (CRT) 38, 416–418;
 assumptions 45
- Cultural responsiveness
 (motivation pillar) 170
- Culture: adult learning,
 understanding 20; aspects,
 ignoring (SDL) 240
- Curiosity, building 131
- Curiosity measures, review 130
- Curious mind, cultivation 129–136
- Current experience 288
- Curriculum: design/development,
 theory/models 393; units,
 sequencing 393
- Cyberspace, community sense
 (development) 440

D

- Data governance/analytics 431
- Declarative knowledge 480
- Declarative memory 358
- Decoloniality 64–65
- Decolonization, definition 141
- Delivery: definition 390, 392;
 methods 411; systems
 (adult education) 98, 100
- Demographic shifts 35–46;
 teaching/learning 43; United
 States data 41
- Design: definition 392;
 involvement 390
- Developmental change 254–255
- Developmental Tasks and Education*
 (Havighurst) 196
- Developmental teaching (TPI
 perspective) 114
- Developmental wisdom
 models 369, 374t
- Development, industry
 report 107–108
- Dialogue: conscientization basis
 137; deep listening 329–330;
 definition 76–77; engagement,
 critically reflective
 practice 76–78

- Diaspora, teaching (advocacy) 42
 Didactic presentations, usage 283
 DIGI-HE 432
 Digital Age (Information Age) (Computer Age): emergence, challenges 428–429; human existence 428
Digital Competence Framework for Citizens of the European Commission 434
 Digital competencies 434
 Digital divide 35
 Digital Divide, differences 448–449
 Digital Education Action Plan, renewal 432
 Digital Government Strategy 431
 Digitalization: European Union (EU), digitalization (promotion) 431–432; policies, impact 430–432
 Digital learning 434
 Digital literacy 434
 Digital skills: identification 433; term, usage 433–434
 Discontent/transformation, sharing (recognition) 317
 Discontinuous change 264
 Disorienting dilemma, occurrence 316
 Disruption, pace (viewpoint) 32–33
 Divergent problems 125
 Diversity, demonstration 101
 Diversity, equity, and inclusion (DEI) 43–44, 139; efforts 5; offices, shuttering 62
 Diversity, equity, inclusion, and belonging (DEIB) 43, 139
 Diversity intelligence (DQ), assessment 139
 Dominant ideologies 58
 Double-loop learning 230; impact 296
 Dynamism, capture 260–261
- E**
- Early adult education, research 188–189
 Ecological learning 280–281
 Ecological perspective 290
 Economic crisis, examination 71
 Economic-rational motivation theory 160–161
- Educating the Reflective Practitioner* (Schon) 292
 Education: banking education, metaphor 138; commodity 22; criticism 138; life, equivalence 97; rates, global literacy (relationship) 31; terms 11t–12t
 Educational context, modification 376
 Educational institutions, SDL promotion (factors) 224–225
 Educational neuroscience 347, 375
 Educational philosophy 109
 Educational programs (design/facilitation), neuroscience (relationship) 375–377
 Educational settings, fostering 219–220
 Education Participation Scale-Modified (EPS-M), measurement model/theory (evaluation) 163–164
 Educators of adults, classification 102
 Effectiveness/integrity, generation 134
 Elasticity 129
 E-learning 434; influences 235
 Emancipatory learning 225
 Emancipatory pedagogy, five Es 332–333
 Embodied cognition 336
 Embodied knowing 335
 Embodiment 335–336
 Emotion: connection 469; nature 170; provocation 335; regulation/management 363
 Emotional intelligence (EI) 363–365; definitional streams 364; mixed-model perspective 364, 365; work, relationship 366
Emotional Intelligence (Goleman) 366
 Emotion-laden experience 334
 Empathy: motivation pillar 170; provocation 335
 Enactivism 335
 Engage, Educate, Experience, Empower, Enact (five Es) of instruction 332–333, 378; learning, cognitive principles (link) 377
- Engagement: adult learning design principle 394; enhancement 448; maintenance 180
 Engagement, exploration, explanation, elaboration, and evaluation (learning model) 377
 English as a second language (ESL) 14, 151
Enhancing Adult Motivation to Learn (Wlodkowski/Ginsberg) 170
 Enthusiasm (motivation pillar) 170
 Environmental scanning 270–271
 Environment, Coca-Cola (impact) 25–27
 Episodic change 264
 Epistemic humility 142
 Epistemic injustice 142
 Equity: commitment 139–143; social issues 130
 Equity, diversity, inclusion, and decolonization (EDID) 43, 139
 Espoused theories 293
 Ethical development, stages 368
 European Higher Education Area (EHEA), digital technology adoption 432
 European Open Science Cloud (EOSC) 432
 European Union (EU), digitalization (promotion) 431–432
 Europe, Internet saturation rate 448
 Evaluation 411; factors 406
 Evaluator, educator role 285
Experience and Education (Dewey) 198, 277
 Experiences: adult learner assumption 193; creation 174; current experience 288; learner experience 195–199; learning: connection 274; outcomes, alignment 276; relationship 277–280; levels (Tennant/Pogson), application 289; new experience 288; past experiences, understanding 288; previous experiences, new learning (link) 288
 Experiencing, modes (Beard/Wilson) 290–291
 Experiential andragogy model, stages 279

- Experiential learning 75, 280–291, 331, 401; constructivist perspective 289–290; critical cultural perspective 290; critiques 290–291; cycle (Kolb) 281–285, 282f; defining 331; ecological perspective 290; facilitation 276; model (Fenwick) 289–290; model (Jarvis) 287–288; model (Tennant/Pogson) 288–289; models 280–291; parent engagement 275; perspectives 280–281; psychoanalytic perspective 290; self-directed learning, relationship 279; situative perspective 290
- Experiential learning, andragogy (relationship) 278–279
- Experiential Learning: Experience as the Source of Learning and Development* (Kolb) 281
- Expert, educator role 285
- Expertise (motivation pillar) 170
- Explicit memory (declarative memory) 358
- Exploring Spirituality and Culture and Higher Education* (Tisdell) 173
- External data, flow 348
- Extrinsic motivation 155–156, 166
- F**
- Face-to-face interaction, reduction 180
- Facilitating Learning with the Adult Brain in Mind: A Conceptual and Practical Guide* (Taylor/Marienu) 349, 351
- Facilitators: educator role 285; guide, role 405; metaphor 104; role 404–405
- Faculty, digital instruction equipment (supply) 431
- Faith development 368
- Feedback 452; adult learning design principle 395; broad feedback, collection 397–398; constructive feedback 407; immediate/constructive feedback 403; learning design principle 396; loops 267, 268; mechanisms 408; peer feedback mechanisms, usage 440; positive reinforcement 395; sharing 329
- Feminism: Afrocentric feminism 66; Black feminism 66, 140; concerns 65
- Feminist pedagogy 65–66; critical feminist pedagogy, hooks contributions 80
- Feminist theory, shortcomings (Black women frustration) 140
- Field theory (Lewin) 259–260
- First-generation MOOCs (cMOOCs), emphasis 44
- First-order change 265
- Five Es. *See* Engage, Educate, Experience, Empower, Enact
- Flexibility: adult learning design principle 395–396; display 326
- Flickr, usage 443
- Flipped classroom (FC) 473, 475; approach, subject-centered aspect 202; significance, increase 443
- Flow test 157
- Floyd, George (murder) 5, 61–62
- Fluid intelligence 360–362, 361f
- Focused listing, usage 484
- Force Field Analysis 259
- Ford Motor Company, assembly line/large-scale production 24
- Foundation for Critical Thinking, The (critical thinking resource) 70
- Four Levels of Training Evaluation 406
- Frankfurt school 58
- Free-market capitalism, valuation 22
- From Pedagogy to Andragogy* (Knowles) 207
- Fundamental Neuroscience* (Squire) 349
- Future orientation, learning design principle 396–397
- G**
- Gamification 403–404; immersive technologies, relationship 415
- Gamification for Adults Questionnaire (GAQ), validation 208
- Gender, role (impact) 165–166
- General education development (GED) 14, 151–152
- General Motors, mismanagement 59–60
- General systems theory 266
- Generations, tension 39
- Generative artificial intelligence (GAI): adult education usage 435–437; curation function 428; usage 262
- Generative knowing 324–326; defining 324–325; promoting 326
- Generativity, fostering 198
- Genitelligence* (Gerhardt, et al.) 39
- Get Unstuck by Going Oblique (activity) 159
- Giving voice 330
- Global adaptive stance, cultivation 124–129
- Global capitalism: adult learning, relationship 27–28; characteristics 25; Coca-Cola, impact 25–27; impact 22–29
- Global context: adult learning (lexicons) 43–44, 46; lexicons 44t
- Global Education Monitoring Report (UNESCO) 416
- Globalization 24–29; diversity perspective 40; technology, connection 35
- Global literacy, education rates (connection) 31
- Global migration 42–43
- Global population, change 39–41
- Goal-oriented learners, learning engagement 163
- Good learning, discussion 320
- Green learning practices, sustainability (relationship) 418

 225; instructional model 227,
 229–230; exploration 229;
 interactive model 227;
 interactive model, examples
 228; learning approach 222;
 limitations, myth 239; linear
 model 226; model (Grow) 230;
 motivation, importance 221;
 myths 238–239; personal
 attribute 232; personal
 attributes aspect 229; Person,
 Process, Context (PPC) model,
 proposal 229–230; process
 225–231; promotion, factors
 224–225; readiness 234–235;
 reviews/analysis 219; role,
 ChatGPT (usage) 235;
 self-efficacy, association 232;
 stages (Grow) 231; studies 200;
 success 445–446; support,
 ChatGPT (usage) 221; tailoring
 240; worth, myth 238–239
 Self-Directed Learning Readiness
 Scale (SDLRS) 221–222, 236
 Self-directedness: myth 238;
 valuation 218
- Self-directed relationship
 education, change 233
 Self-direction: facilitation, myth
 239; implication, myth 238;
 narratives 68; valuation 204
 Self-efficacy 224; promotion 174;
 SDL, association 232
 Self-image 259
 Self, independent sense
 (development) 367
 Self-interest, exploration 160–161
 Self-management 222; social
 context, situating 230
 Self-monitoring 84–85, 222;
 fostering 446; learning ability,
 engagement 230
 Self-regulated learning (SRL) 224
 Self-regulation 222, 224;
 requirement 180
 Self-teaching 219
 Semantic memories 358
 Semantic Web 440
 Semipermeable boundaries
 266, 267–268
 Sense-making 284–285
 Sensory exploration, curiosity 129
 Sensory memory 357–358
 Sentences, completion
 exercise 485
 Service learning 202
 Short-term memory (STM) 357
 Silencing, psychological harm 142
 Simulation exercises 283
 Single-loop learning 129;
 implementation 296
 Situated cognition 298–301
 Situative perspective 290
 Skills: digital skills: identification
 433; term, usage 433–434;
 education 98; gap 27–28;
 influence 363; learning, critical
 periods (neuromyth) 353
 Slow learning 130
 Small online teaching practices,
 inventory 452–453
 Small teaching 469–470; long-term
 learning benefits 470; tools 472
Small Teaching (Lang) 469–470
 Smartphone ownership, global
 reach 34–35
 Social activism 97

- Social awareness 435
 Social bookmarking 442–443
 Social challenges 451
 Social conditions, individual
 experience (connection) 79–80
 Social context: adult learning:
 critical perspectives, application
 53; understanding 20; political
 divisions/divisiveness,
 impact 123
 Social dynamics, management 367
 Social injustice 23
 Social intelligence 363–365
 Social issues, challenging 191
 Social justice 23; learning,
 relationship 191
 Social learning 161
 Social marginalization, impact 42
 Social media 441–442;
 adult usage 429
 Social messes 125
 Social motivation theory 161
 Social movements, examination 74
 Social platforms 419
 Social presence 439
 Social reform (TPI perspective) 114
 Social sharing 442–443
 Social structures, navigation 140
 Social video sites 442–443
 Society (societies): equitability,
 struggle (examples) 35, 37;
 transformation, sites 313–314
 Socrates 69–70
 Soft-skilled leaders,
 inclinations 128
 Soft skills, focus 415–416
 Solver communities, creation 276
 Spaces of possibility 326
 Specific, Measurable, Achievable,
 Relevant, and Time-bound
 (SMART) objectives 398; needs
 assessment, combination 400;
 writing process 399–400
 Spiraling 146
 Spirituality 336–337
*Standards for Graduate Programs in
 Education* (AAACE) 105
 Storytelling 333; regression
 method, usage 333; usage 334
 Stress management quiz
 (Holmes/Rae) 261
 Stress zone 377
 Stretch zone 377
 Students: engagement, increase
 443; interaction 474; motivation,
 influences 180; persistence/
 success, fostering 452
 Sustainability: generation 134;
 green learning practices,
 relationship 418; usage 179
 Systemic change 294
 Systems: focus 267–268; properties
 266f; theory, presumption 266
- T**
- Tacit knowledge 362
 Task control 222
 Teacher-as-helper paradigm,
 challenges 116–117
 Teaching: beliefs/values, exercise
 109; capacity, improvement
 (time allotment) 130; culturally
 responsive teaching (CRT) 38,
 45, 416–418; educator values/
 beliefs, expression 108;
 environment, digital literacy
 433–437; holistic approach 326;
 leadership viewpoint 145;
 learner-centered teaching
 203–204; learning, pairing 278;
 motivation, pillars 170;
 philosophy, awareness
 (development) 398–399;
 planning 223; practice
 193–194; resilience,
 development 128–129;
 scholarship 9–10; strategies,
 inclusion (establishment)
 171–172; technique,
 relationship 122; Theory of
 Margin, relevance 168–169
 Teaching around the circle 302f
Teaching for Critical Thinking
 (Brookfield) 55
 Teaching-learning processes
 (digitization), COVID-19
 (impact) 435
 Teaching perspectives inventory
 (TPI) 114; perspectives,
 summary 115t
 Team-based learning (TBL)
 models 446
- Technical problems 126
 Technology: blending learning,
 integration 402–403;
 emergence/applications
 36t–37t; globalization,
 connection 35; integration,
 consideration 408; tools, usage
 452; usage, implications
 428–429; use 34–35; workforce
 upskilling, adult learning
 program (planning) 409–412
 Technology-enhanced learning
 (TEL) 434; systemic
 approach 434–435
 Temporary change 253
 Testimonial injustice 142
 Theories-in-use, espoused theories
 (contrast) 293
 Theory of andragogy, theoretical
 principles (application) 209
 Theory of Margin (McClusky) 14,
 166–167–169; teaching
 relevance 168–169
 Theory-to-practice gap,
 bridging 109–110
 Thinking: exploration 262;
 invitation 311
 Think time 483–484
 Thought/action: assumptions,
 identification 294; creation
 355; impact consideration,
 reflection level 134
 Thought, critiquing 78–79
 Three-part triune brain 350–351
 Throughputs, usage 267, 268
 Time management 224
 Topic/course, andragogical
 overhaul 203
 Traditional lecture (direct
 instruction) 464–468; format,
 problems 467
 Training: evaluation, levels 406;
 industry report 107–108
 Transformation: discontent,
 sharing 317; identification 309;
 learning 307
 Transformational change
 253, 255
 Transformational learning 75, 315;
 valuation 136–137
 Transformative change 265

- Transformative experiential learning 331
- Transformative learning (TL) 14, 279, 280, 308, 314–324; awareness, enhanced level (requirement) 316; critiques 320, 324; defining 315; exploration, storytelling (usage) 334; implementation 319; metatheory 320; occurrence, process 315–316; phases (Mezirow), comparison 318; process 316; emotions/intuition/context/relationships, impact 317, 319; occurrence 317; theoretical perspectives, summary (Taylor) 321t–323t; theory: contribution (Mezirow) 316–319, 336; problem 320
- Transformative organizational change 313
- Transformative pedagogy (TP) 311–312
- Transformative pilgrimage learning (TPL) 337
- Transitional change 254
- Transmission (TPI) perspective 114
- Triarchic theory of intelligence (Sternberg) 362–363
- Triple-loop feedback, definition 296
- Triple-loop learning 230; impact 296
- Trump, Donald: attacks (CRT) 62; remote work change 325
- Trusting relationships, building 269–270
- Truths, questioning 68–69
- “Turn things over,” ability (importance) 132
- Two-part hemispheric brain 351–352
- U**
- Ukraine, Russian war (impact) 25
- Uncertainty, acknowledgement 276
- Unfreezing 255, 259
- Uninformed action, taking 83–84
- United States, demographic shifts 41
- Universal Design for Learning (UDL), implementation 416
- University of Padova, Italy (UNIPD), small learning (usage) 470–471
- Unknowing, dilemma 325
- Unplanned change 253, 264–265
- “Unwilling adult learner,” creation 181
- US Civil Rights Movement 313–314; examination 71; impact 64
- V**
- Virtual Learning Environments (VLEs) 234–235
- Virtual reality (VR), usage 415
- Visual, auditory, or kinesthetic (VAK) learning styles (neuromyth) 352–353
- Volatile, uncertain, complex, and ambiguous (VUCA) 1, 5; adoption 125; application 9; challenges 145; conditions 126, 265; response 104; context 34, 68–69, 144, 314; adaptation 262; function 124; COVID-19 VUCA situation 6; planner, responses 392; presence 219; situations, handling 367
- Volatility 5; living/learning 6
- Volition, impact 172
- W**
- Wait time 480, 483–484; adoption 484
- Wealth of Nations, The* (Smith) 160
- Web 3.0 (Web3), traction/features 440–441
- Well-being, emphasis 418
- What Do You Do with an Idea?* (Yamada) 333
- What Do You Do with a Problem?* (Yamada) 333
- White Backlash 62
- White privilege, exploration 65
- Wicked problems 5, 125; examination 127; learning requirement 126; presence 144; understanding 125–126; VUCA generation 127
- Wisdom 368–375; cognitive-focused models 368–369, 370t–371t; developmental models 369, 374t; personality-focused models 368–369, 372t–373t
- Womanism 66; Africana womanism 66
- Womanist methodology 331
- Women, rights (unrealization) 32
- Women’s Ways of Knowing* (Belenky, et al.) 368
- Work-based learning, integration 418
- Work, emotional intelligence (relationship) 366
- Workflow, interruption (avoidance) 221
- Workforce: adult learning 15; generations, composition 38–39; upskilling, adult learning program (planning) 409–412
- Working memory 356
- Workplace: affinity groups, involvements 329; learning for transformation 312–313; transformative learning 313
- Work-related environments 294
- Work-related learning: importance 14; interest/participation 164
- Worldview/identity, shift 28
- Z**
- Zone of proximal development (ZPD) 377; neuroplasticity, relationship 379f
- Zoom, usage 34
