Introduction..... 1

About This Book.....	1
Conventions Used in This Book	2
What You're Not to Read.....	2
Foolish Assumptions	3
How This Book Is Organized.....	3
Part I: Every Breath You Take: The Who, What, and Why of COPD	3
Part II: Catching Your Breath: Treating COPD.....	4
Part III: In the Next Breath: Managing Your Overall Health.....	4
Part IV: Breathing Easier: Living with COPD	4
Part V: The Part of Tens.....	5
Glossary.....	5
Icons Used in This Book.....	5
Where to Go from Here.....	6

Part 1: Every Breath You Take: The Who, What, and Why of COPD..... 7

Chapter 1: Understanding COPD 9

What COPD Is and Isn't	10
What COPD is: The deadly combo	11
What COPD isn't: Other lung ailments.....	13
How COPD Affects Your Body	15
Loss of energy	15
Loss of muscle strength.....	16
Working harder for fewer results	16
How COPD Affects Your Life	16
Missing work	17
Skipping social activities	17
Doing less at home	18
Losing it emotionally	18

Chapter 2: How Your Lungs Work 21

Your Breathing System	22
What happens when you breathe	24
Your body's air filtration system	26
Healthy Lungs versus Damaged Lungs.....	26
Healthy lungs	27
Damaged lungs.....	28

Factors That Influence Your Lung Function	29
Age.....	29
Environmental factors	30
Lifestyle factors	31

Chapter 3: COPD Risk Factors 33

Risky Behaviors	33
Smoking: The number-one risk.....	34
On-the-job risks	35
Air quality.....	37
Gender, Age, and Economic Status	38
Why women are more susceptible to COPD	38
Why COPD generally strikes after age 40	39
Why low-income patients are at risk	39
Looking Back: Heredity and Medical History	40
The genetic link to COPD	40
What your family history says about your COPD risk.....	41
What your own medical history says about your COPD risk.....	41
Other possible risk factors.....	42
Assessing Your Risk	43

Part II: Catching Your Breath: Treating COPD 45

Chapter 4: The Diagnosis and What It Means 47

Knowing Which Tests Your Doctor May Run.....	47
Spirometry testing.....	48
Bronchodilator reversibility	50
Diffusion capacity.....	50
Oximetry.....	50
Lung volume tests	51
Chest X-rays	51
Arterial blood gas tests	52
Ruling Out Other Lung Diseases	53
Asthma.....	53
Lung cancer.....	54
Tuberculosis	55
Pleurisy.....	56
Assessing the Severity of Your COPD	56
The “at-risk” classification	56
Mild COPD	57
Moderate COPD	58
Severe COPD	58
Recognizing That There’s No Cure, Only Care	59
Things you can do to feel better	60
Things your doctor can do to help you feel better.....	60

Chapter 5: The Emotional Impact of COPD 63

Now What Do I Do?	64
Identifying your limitations.....	64
Facing your fears	65
Grieving for your life as it used to be	66
Getting adjusted to your new life	67
Letting In Your Loved Ones	67
Dealing with emotions	68
Understanding resentment — on both sides.....	69
Figuring it out together.....	69
Managing Stress	70
Relaxing the body and mind	71
Cutting back on stress inducers.....	71
Taking care of yourself.....	71
Finding Other Support.....	72
People like you: COPD groups	72
Talking it out: What therapy can do.....	72
Considering antidepressants	73
Developing Coping Strategies.....	74

Chapter 6: Building Your Healthcare Team 77

Finding a Doctor.....	78
What kind of doctor do you want?	78
Where to look.....	79
What to look for	80
The comfort factor	80
First Stop: Your Primary-Care Physician.....	81
Assessing your general health.....	82
Tracking vital functions	82
Getting referrals to specialists.....	82
Answering your questions	83
The Pulmonologist	83
What a pulmonologist looks for	83
How a pulmonologist can help	84
The Dietitian or Nutritionist	84
Improved nutrition equals better health.....	85
Assessing your eating habits	85
Setting nutritional goals	86
Creating a regimen that works for you	86
The Occupational Therapist.....	86
Helping you achieve your daily goals.....	87
Targeted exercise for your goals	88
The Counselor	89
Dealing with depression	90
Keeping up your mental energy.....	90
Balancing wild hopes and realistic expectations	91

Pulmonary Rehabilitation	92
Rehab goals	92
Who needs rehab.....	93
Chapter 7: COPD Treatment Goals	95
Controlling Progression and Symptoms.....	96
Changing your lifestyle to ease symptoms	96
Prescribing medicines to treat symptoms	97
Minimizing side effects	97
Preventing and Treating Complications.....	98
COPD's cohorts.....	98
Sudden onset of severe symptoms	100
Optimizing Lung Function.....	100
Increasing your tolerance for physical exercise	101
Trying breathing exercises.....	101
Keeping your airways clear.....	106
Chapter 8: Drug Treatments	111
Bronchodilators	112
Short-acting bronchodilators.....	113
Long-acting bronchodilators.....	114
Common side effects.....	116
Steroids.....	117
Forms of steroids.....	118
Side effects of steroids.....	118
Withdrawal effects	119
Combination Drugs	119
Mucolytic Agents.....	120
Using Inhalers Properly.....	121
Using an inhaler without a spacer.....	121
Using an inhaler with a spacer	122
Using dry-powder inhalers.....	124
Caring for your inhalers	124
Using a Nebulizer	127
Oxygen Therapy.....	127
When it's needed	128
Home oxygen equipment.....	129
Oxygen delivery systems	131
Taking Your Meds Properly.....	133
Chapter 9: Surgery and Alternative Treatments	135
Surgical Options	136
Bullectomy	136
Lung volume reduction surgery	138
Lung transplant	140
Alternative Treatments.....	140
Acupuncture.....	141
Nutritional supplements.....	141
Herbal treatments	143

***Part III: In the Next Breath: Managing Your Overall Health*..... 145**

Chapter 10: The First, Best Thing You Can Do: Quit Smoking 147

Dying for a Cigarette	148
The biomechanics of nicotine addiction.....	148
Toxic chemicals in cigarette smoke	151
Recognizing Smoke's Effects on Your Body	152
Immediate effects of smoking	152
Long-term effects of smoking.....	153
What Happens When You Quit	155
How quitting helps your body	155
The temporary downside: Withdrawal.....	156
Why you should quit, even if you have COPD	157
Trying a Variety of Cessation Techniques	158
Cold turkey	158
Hypnosis	159
Antidepressants.....	160
Nicotine replacement.....	160
Chantix.....	162
Behavioral changes	162

Chapter 11: Nutrition and Weight Management 165

Knowing Which Foods Help.....	166
Fruits and vegetables	166
Omega-3 fatty acids	168
Water	168
Being Aware of Which Foods Can Hurt	168
Carbohydrates	169
Salt and sodium	169
“Bad” fats	170
Nitrites	171
Potential Problem Foods.....	172
Fruits and vegetables.....	172
Fried and spicy foods.....	172
Dairy products.....	173
Caffeine	173
Controlling Your Weight	174
Risks of being overweight	174
Risks of being underweight.....	175
Changing the Way You Eat	176
Eliminating heavy meals	176
Adding more, smaller meals	176
Good-for-you snacking.....	177
What a Healthy Diet Looks Like	177
The protein you need.....	178
Vital vitamins and minerals.....	179
Fiber	180

Dietary Supplements	180
Pros and cons	180
What to look for	182

Chapter 12: Getting Motivated to Move 183

How Movement Affects Your Body	184
Help for your circulatory system	184
Help for your respiratory system	185
Help for your sense of well-being	185
Setting Goals for Your Quality of Life	186
Thinking about what you'd like to do	187
Measuring your progress	188
Knowing why it matters	189
Exercise Training	189
Increasing your tolerance for exertion	189
Strengthening your limbs	191
Warming up	192
Cooling down	193
Designing Your Exercise Regimen	194
How to start	194
How often to do it	195
How long to do it	195
When to take it easy	196

Part IV: Breathing Easier: Living with COPD 199

Chapter 13: A Day in Your Life with COPD 201

Your Daily Rhythm	202
Identifying your rhythm	202
Morning rituals	203
Energy for the afternoon	205
Quiet evenings	206
Loosening Up	207
Starting from the foundations	207
Choosing the right clothes and accessories	208
Dressing for the weather	209
Running Hot and Cold	209
Fans and air-conditioning	210
Heating options	210
Working with COPD	212
Talking to your employer	212
Adjusting your duties	213
Adjusting your schedule	213
Knowing when you shouldn't work	214
Planning for a time when you can't work	214

Outings with COPD	216
Choosing your activities	216
Checking the weather	217
Planning ahead	218
Chapter 14: Making Your Home You-Friendly	221
It's All within Reach	222
Reorganizing things you use often	222
Tools to help you get around	226
Tools to help you move your stuff around	227
Simplify, Simplify	227
Keeping meals simple	227
Quick cleaning tips	229
Creating a social center	230
On the Level	230
Minimize trips up and down stairs	230
Install handy ramps	232
When you have to stretch and bend	233
Asking for Help	235
Calling on family and friends	236
Outsourcing chores	236
When it's time for a home aide	236
Chapter 15: Clearing the Air at Home	239
Types of Indoor Air Pollution	240
Biological sources	240
Gases	241
Chemicals	243
Particles	245
Cleaning the Air	246
Eliminating the source	246
Improving ventilation	247
Using fresheners, filters, and purifiers	248
Chapter 16: Preparing for Emergencies	251
Suddenly Severe Symptoms	252
Defining a crisis	252
What causes them	253
Other complications	253
Preventing Sudden Attacks	254
What you can do	254
Why it matters	255
Treating Sudden Attacks	256
At home	256
In the ambulance, emergency room, or hospital	257

Creating an Emergency Plan	258
Knowing your warning signs	258
When to call your doctor	259
When to call for an ambulance	260
Information you'll need	260
End-of-Life Planning	261
Starting the discussion	261
Discussing whether you want life-sustaining treatments	262
Considering resuscitation: CPR	263
Putting it in writing	263

Chapter 17: Helping a Loved One with COPD 265

Brushing Up on COPD.....	266
How COPD affects your loved one	266
How your loved one's COPD affects you	266
Understanding the Treatment	269
Commonly prescribed drugs	270
Recommended lifestyle changes	270
Looking At Other Ways You Can Help	272
Arranging outings	272
Helping with household chores.....	273
Adapting the COPD home.....	273
Helping find new interests.....	273
Keeping your loved one comfortable	274
Paying attention to emotional health	274
Getting Involved in Medical Care	274
Talking with the medical team.....	274
Understanding the instructions	276
Providing transportation.....	276
Coping with Crises	276
Whom to call	277
When to call	277
What medical personnel need to know	278

Part V: The Part of Tens 279

Chapter 18: Ten Things to Avoid if You Have COPD 281

Smoke	281
Fumes.....	282
High Pollution Areas	283
Windy, Dusty Days	283
Very Cold Air.....	284
High Humidity.....	284
Heavy Meals.....	285

High Sodium Content.....	285
Sick People.....	286
Overexertion.....	286
Chapter 19: Ten Myths about COPD	287
COPD Is a Rare Condition.....	287
COPD Is a Man's Disease	288
Only Smokers Get COPD	288
Quitting Smoking Can Cure COPD.....	288
When You Have COPD, There's No Reason to Quit Smoking.....	289
Children Get COPD.....	289
COPD Is Only a Problem When Symptoms Are Severe.....	290
COPD Can't Be Treated.....	290
When You Go on Oxygen, You Have to Be on It Forever	291
People with COPD Can't Live Normal Lives.....	291
Chapter 20: Ten Strategies for Coping with COPD	293
See Your Doctor Regularly	293
Set Goals for Your Daily Activity Level.....	294
Establish an Exercise Regimen.....	294
Eat Healthfully	295
Use Your Meds Correctly	295
Conserve Your Energy	296
Go Easy on Yourself	296
Find a Support Group	297
Do Things You Enjoy.....	297
Let Others Help	298
Chapter 21: Ten (Or So) Health Factors Linked with COPD	299
Heart Problems.....	299
Hardening of the Arteries.....	301
C-Reactive Protein Levels.....	301
High Blood Pressure	302
Obesity	302
Weight Loss.....	302
Diabetes.....	303
Osteoporosis.....	304
Barrel Chest	304
Pulmonary Infections	305
Metabolic Syndrome.....	305
