The goals of the sell-side analyst 54
What investors look to sell-side analysts for 55
Spreading the word: Disseminating sell-side research 56
Examining a Sample Research Report 57
What to look for in the document 57
The main sections of a research report 58
Ways to look beyond the "buy" or "sell" 59

CHAPTER 4: **How Investment Banking Is Used in Mergers and Acquisitions** 61
Come Here Often? The Basics of Mergers and Acquisitions 62
Kinds of mergers 62
Why companies merge instead of simply growing organically 63
Firms that make attractive acquisition targets 67
How companies identify firms to merge with 67
The nature of the merger: Friendly or hostile? 69
Tools Used to Analyze the M&A Deal 70
The role of the buy-side M&A advisor 70
The role of the sell-side M&A advisor 76
Why Many M&A Deals Go Wrong 77
Misplaced incentives 77
Faulty analysis 77
Overstated synergies 78
Culture wars 78
The winner's curse: Overpaying 79

CHAPTER 5: **How Investment Banking Is Used in Leveraged Buyouts** 81
In This Corner: Introducing the Players 82
Investment banks 83
Big institutions 84

Management 85
Stock and bond investors 86
Aiming for the Right Targets in a Leveraged Buyout 88
Identifying companies that can work in a leveraged buyout 88
Appreciating the power of cash flow 90
Coming to terms with the return analysis: Internal rate of return 91
Finding the Exit 92
Setting a target for exit in time 92
Considering how the exit will happen 93

PART 2: DIGGING IN: PERFORMING INVESTMENT BANKING 97

CHAPTER 6: Finding the Data: Documents and Reports 99
Finding What You Need on the Securities and Exchange Commission's Website 100
What types of information you can find 100
The key types of documents 101
How to use EDGAR to pinpoint information 103
Getting Data in a Format You Can Work With 107
Assembling the tools you need 108
Importing financial information into Excel 109
Getting in tune with interactive data 112
Paying Attention to the Nonfinancial Information 112
Monitoring news streams for investment banking ideas 112
Quickly processing information with aggregators 114
Doing research on the key players in a deal 116

CHAPTER 7: Making Sense of Financial Statements 117
Income Statements 118
Locating the areas of interest to investment bankers 120
Tweaking the statement with different assumptions 121
Finding investment banking opportunities 122
Balance Sheets 123
Finding your way around the key parts 124
Understanding a company's financial strength 126
Locating pitfalls and opportunities 128
Statement of Cash Flows 129
Seeing why the cash flow statement is so important in deal making 129
Understanding the key parts of the document 130
Calculating free cash flow 132

Proxy Statements 133
Learning about the key players in a deal 134
Identifying the management team's incentives 135
Analyzing management pay packages 135

CHAPTER 8: **Perfecting the Financial Ratios for Investment Banking** 137
Valuation Multiples: Assessing How Much the Company Is Worth 138
Investors' favorite valuation tool: P/E ratio 139
Going old school with price-to-book 139
Putting a price on profitability 140

Efficiency Ratios: Knowing How Well the Company Is Using Investors' Money 148
Finding out about return on assets 149
Digging into return on capital 150
Uncovering company secrets with return on equity 152
Calculating a company's growth rate 152

CHAPTER 9: **Sizing Up the Industry** 155
Performing an Industry Analysis 156
Understanding why industry analysis is important 156
Creating a comparison universe 157
Adjusting the industry comparison universe 161
Unearthing Company Trends and Common Sizing the Financial Statements 161
Comparing growth rates 162
Comparing leverage 165
Comparing various profit margins 167
How a Company Stacks Up: Comparing the Key Ratios 168
Sizing up valuation 169
Comparing total debt-to-equity 172
Sizing up companies on their efficiency 173
Industry ratios 173

CHAPTER 10: **Understanding Stocks and Focusing on Past Transactions** 175
Introducing Stock 176
Characteristics of stock 177
Types of stock 179
Understanding stock pricing 180
Finding Past Transactions 180
Tracking the stock market 181
Studying private deals 181
Looking at pre-IPO marketplaces 183
Examining buyouts 184
Analyzing Past Transactions 184
Knowing what the market will bear 184
Knowing when the market is distorted 185
Tabulating key ratios for past deals 186
Understanding the pitfalls 188

CHAPTER 11: **Applying Investment Banking to Fixed Income** 191
Introducing Bonds 192
Identifying the Various Types of Bonds 194
Convertible bonds 195
Callable bonds 195
Puttable bonds 195
Floating-rate bonds 195
Zero-coupon bonds 196
Knowing Their Place: The Position of Bondholders 196
Understanding Bond Pricing 198
Introducing the concept of present value 198
Relating yield to maturity and price 201
Playing the spread: How different factors affect bond prices 202
Considering bond sensitivity to changes in interest rates 203
Tracking the Bond Market 206
Debt or Equity: How a Company Chooses 208

PART 3: TAKING INVESTMENT BANKING TO THE NEXT LEVEL 211

CHAPTER 12: **Doing a Discounted Free Cash Flow Analysis** 213
Gearing Up for Discounted Free Cash Flow 214
Computing free cash flow 216
Forecasting free cash flow 217

Calculating the Weighted Average Cost of Capital 218
Understanding why the weighted average cost of capital is so important 219
Measuring the cost of debt and equity 220
Understanding the capital asset pricing model 223
Going for Terminal Value 226
Knowing the perpetuity growth formula 226
Applying the constant growth formula 227
Applying the two-stage growth model 228
Stress-testing the results 229
Valuing a Share of Stock 230

CHAPTER 13: **Structuring a Leveraged Buyout** 233
Seeing How Leveraged Buyouts Are Structured 234
The types of financing 234
Understanding seniority and maturity 241
Building a Leveraged Buyout Model 242
Creating a pro forma model 242
Deciding on methods of financing 244
Seeing how the results work out 245
The importance of taxes in a leveraged buyout 246
What can go right and what can go wrong 246

CHAPTER 14: **Determining the Strength of a Company's Return on Equity** 249
Understanding the Importance of Return on Equity 250
What return on equity shows 251
Pros and cons of return on equity versus other profitability measures 253
How return on equity can help guide an investment banking deal 256
Using a DuPont Analysis 256
The three-factor DuPont method 257
The five-factor DuPont method 259
Interpreting the Results 261
Cola wars 261
What the numbers mean 262
Looking past the numbers for insight 262
Telling companies how to react to the numbers 263

PART 4: APPLYING INVESTMENT BANKING 265

CHAPTER 15: **Knowing the Rules** 267
The History of Regulation of Investment Banking 268
The goals of investment banking regulation 268

Why the rules of today are the result of days past. 268
How regulations have shaped the investment banking industry 269
The Ins and Outs of Modern Investment Banking Rules 270
The types of rules imposed on investment banking 270
How investment banking rules changed after the financial crisis. 274
The Rules on Analysts 276
Why rules were needed 277
The not-so-delicate balancing act analysts play 277
What disclosure and compliance are required 279
Why Simply Making Rules Isn't Enough 280

CHAPTER 16: **How Some Companies Lie, Cheat, and Steal Their Way to the Top** 283

Did You Really Sell That? When Companies Aggressively Report Revenue 284
Don't let the sun go down on me 285
The truth? 286
Lucy, You Got Some "Splainin" to Do: When Companies Understate Their Expenses 288
What a waste 288
Crazy like a fox 289
Missed It by That Much: When Companies Overstate Their Financial Position. 290
Those pesky pensions: The epidemic of firms understating pension liabilities 290
We are the world 294
Keeping Investors Off-Balance 296
Enron's special purpose 296
A mountain of a scandal. 299
Swap meet 300
What Should an Investment Banker Do? 302

CHAPTER 17: **Understanding Alternative Investments and Asset Management** 303

Knowing Your Alternatives 304
Hedge funds 304
Venture capital 307
Commodities 308
Real estate 309
Currencies and cryptocurrencies 311
Digging into Asset Management 312
Attracting investors to asset management 313
Creating asset management tools 313

Managing Potential Conflicts with Clients 316
How asset management can cause conflicts. 316
How to eliminate and manage conflicts. 318

CHAPTER 18: **Trying Your Hand at Investment Banking with a Case Study** 321

Setting the Scene 322
The acquirer 322
The target 323
Considering the Options 323
Identifying the options 324
Looking at financing 324
Creating the Analysis 325
An analysis of the financial statements 325
Structuring a Deal 328
Form of acquisition 329
Creating pro forma statements. 330
Success or Failure 332

PART 5: THE PART OF TENS 333

CHAPTER 19: **Ten of the Biggest Debacles in Investment Banking History** 335

The Dot-Com Boom and Bust 336
Tainted Research Scandals 337
Enron and the Accounting Scams 338
The Mortgage Debacle and Collapse of Lehman 339
The Flash Crash 339
The London Whale at J.P. Morgan and Barings Bank. 340
Long-Term Capital Management. 340
Bankruptcy in Jefferson County, Alabama 341
IPO Allocations with CSFB 342
Bad Mergers and Acquisitions Like AOL Time Warner 342

CHAPTER 20: **Ten Ways to Improve a Discounted Cash Flow Analysis** 345

Financial Analysis Isn't Physics. 345
Show Your Sensitive Side 346
Monte Carlo Isn't Just for High Rollers 347
What Can Go Wrong Will Go Wrong 348
It's Tough to Make Predictions, Especially about the Future. 348
The Investor of Today Doesn't Profit from Yesterday's Growth 349
Garbage In, Garbage Out 350

Rates Are Falling — It's a Better Deal!. 351
Read Your Putt from Several Angles. 352
The Weighting Is the Hardest Part 352

CHAPTER 21: **Ten (or So) of the Best Online Resources for Investment Bankers** 355
Bloomberg 356
Reuters 356
Standard & Poor's 356
Renaissance Capital and `IPOScoop.com` 357
The Securities and Exchange Commission 357
Moody's. 358
MarketSurge. 358
Index Fund Advisors 358
Morningstar 359
Bureau of Labor Statistics 359
Department of Commerce. 359
Federal Reserve 360
Trefis 360

APPENDIX: WHERE INVESTMENT BANKING CAME FROM 363

INDEX 371
