INTRODUCTION 1
About This Book 2
Verifying the information 3
Following conventions 3
Foolish Assumptions 4
Icons Used in This Book 4
Beyond the Book 5
Where to Go from Here 6

PART 1: RUNNING YOUR BUSINESS WITH QUICKBOOKS 7

CHAPTER 1: Setting the Stage in QuickBooks 9
Establishing Your Subscription 10
Comparing subscription tiers 10
Silencing the setup task pane 12
Refining QuickBooks to Fit Your Workflow 12
Installing QuickBooks Mobile Apps 13
Building Your Accounting Foundation 15
Reviewing and customizing the chart of accounts 15
Adding new accounts 16
Removing accounts 16
Combining accounts 17
Locking Accounts 18
Implementing account numbers 18
Enabling Custom Fields 19
Working with Attachments 20
Recognizing acceptable file types 20
Adding attachments 21
Managing attachments 21
Changing or Ending Your Subscription 22
Setting Up What Comes Next 22

CHAPTER 2: Invoicing Customers and Getting Paid 25
Managing Customers and Leads 26
Creating customer and lead records 26
Exploring customer and lead information 29
Enabling Sales Tax 31
Setting up sales tax 32
Identifying tax-exempt customers 32
Creating Products and Services 33

Enhancing Product and Service Items 34
Managing Product Categories 35
Making categories 35
Assigning categories 36
Maintaining categories 36
Handling Basic Customer Transactions 37
Creating sales receipts 37
Establishing invoices 38
Recording invoice payments 39
Generating customer statements 40
Doing more with sales transactions 40
Working with sales transactions in bulk 41
Customizing sales forms 42
Dealing with Special Customer Transactions 42
Working with estimates 43
Processing credits, refunds, and overpayments 44
Writing off bad debt 47
Managing Sales Tax 49
Reviewing sales tax settings 49
Recording sales tax payments 50
Adjusting sales tax liabilities 51
Handling special sales tax situations 51
Taking Your Customer Workflow Further 54

CHAPTER 3: **Processing Expenses, Bills, and Vendor Payments** 57
Managing Vendors 57
Creating vendor records 58
Exploring vendor records 60
Handling Basic Vendor Transactions 62
Recording checks, expenses, and credit card charges 62
Recording bills 63
Paying bills 64
Doing more with vendor transactions 65
Working with expense transactions in bulk 66
Printing and voiding checks 66
Dealing with Special Vendor Transactions 67
Recording credit card credits 68
Recording vendor credits 68
Recording vendor refunds 68
Taking Your Spending Workflow Further 69

CHAPTER 4: **Tackling Payroll Chores** 71
Understanding Who You Need to Pay 72
Choosing Your Approach 72
Automating payroll with QuickBooks Payroll 72
Using third-party payroll services 73
Handling payroll yourself 74
Paying Owners and Partners 74
Tackling Tax Forms 76
Setting Up QuickBooks Payroll 77
Adding employees 78
Maintaining employee records 79
Reviewing your payroll settings 79
Preparing and Running Payroll 80
Recording payroll 81
Reviewing and generating payroll checks 81
Avoiding payroll pitfalls 82
Wrapping up and reporting 82
Voiding or deleting a paycheck 83
Grouping Time Activities on Invoices 83
Compensating Contractors 84
Identifying 1099-eligible contractors 85
Setting up contractors 85
Paying contractors 85
Reviewing contractor records 86
Preparing and filing 1099s 86
Tackling Related Payroll Tasks 87

CHAPTER 5: **Handling Bank Accounts, Deposits, and Transfers** 89
Setting Up Bank and Credit Card Accounts 89
Adding accounts to the chart of accounts 90
Connecting QuickBooks with your financial institution 91
Reviewing Downloaded Bank Transactions 92
Working with the Pending tab 92
Correcting Downloaded or Uploaded Transactions 94
Recording Deposits, Payments, and Transfers 94
Logging simple bank deposits 95
Handling deposit adjustments 96
Paying down your plastic 96
Transferring money between accounts 97
Reconciling Bank or Credit Card Accounts 98
Handling More of Your Banking Workflow 99

CHAPTER 6: **Exploring QuickBooks Charts and Reports** 101
Visualizing Your Business 102
Customizing your Home page 102
Interacting with your Home page 103
Charting workarounds 103
Running Standard Reports 104
Interacting with reports 105
Identifying key reports 106
Customizing Standard Reports 107
Saving customized reports 108
Accessing customized reports 108
Getting Reports Out of QuickBooks 109
Using Advanced Customization Tools 110
Assembling Management Reports 111
Previewing a Management Report 111
Creating or customizing Management Reports 112
Getting Management Reports Out of QuickBooks 113
Expanding Your Reporting Skills 113

CHAPTER 7: **Enhancing and Connecting QuickBooks** 115
Filling the Gaps in QuickBooks 116
Reducing Data Entry with Integration Transactions 116
Importing Data into QuickBooks 117
Understanding what you can import 118
Considering import limitations 118
Importing lists and transactions 119
Importing banking transactions 120
Exporting Data from QuickBooks 121
Considering export limitations 122
Using the Export Data screen 123
Exporting from list screens 124
Transferring a Chart of Accounts 124
Exporting a chart of accounts 124
Downloading a chart of accounts template 125
Importing a chart of accounts 126
Exploring More Ways to Enhance and Connect 126

CHAPTER 8: **Automating Repetitive Decisions** 129
Understanding What to Automate and When 130
Comparing Decision Automation with AI 131
Automating Data Capture 132
Editing in Batches 133
Editing accounts in batches 134
Categorizing transactions in batches 134

Putting Bank Rules to Work 135
Creating rules 136
Maintaining rules 137
Reusing rules in other companies 138
Exploring Other Decision Automation 139

CHAPTER 9: **Thinking with AI** 141
Understanding How AI Works 142
Getting the lay of the AI land 142
Seeing your financials four ways 143
Putting AI Conversations in Context 144
Collaborating with AI 145
Exploring AI in QuickBooks 146
Trying an AI conversation yourself 148
Looking at good and poor reasons to use AI 148
Keeping AI in perspective 149
Moving Forward with AI 150
Expanding beyond AI 151

PART 2: STREAMLINING EVERYDAY QUICKBOOKS WORK 153

CHAPTER 10: **Overseeing Users, Custom Fields, and Multicurrency** 155
Controlling User Access 156
Understanding user types 156
Understanding user roles 157
Managing user access 158
Tracking Details with Custom Fields 160
Considering custom field limitations 160
Enabling custom fields 161
Managing custom fields 162
Working with Multiple Currencies 162
Choosing whether to enable multicurrency 163
Enabling Multicurrency 164
Managing currencies 164
Managing More of Your QuickBooks Environment 166

CHAPTER 11: **Reducing Manual Data Entry** 167
Working with Recurring Transactions 167
Understanding recurring transaction templates 168
Adding recurring transaction templates 168
Editing recurring transaction templates 170
Using recurring transactions templates 170

Bundling Products and Services 170
Understanding product and service bundles 170
Adding product and service bundles 171
Editing product and service bundles 171
Using product and service bundles 172
Tracking Time 172
Understanding your time-tracking options 172
Adding new time-tracking users 173
Enabling billable time entries 173
Recording time 174
Reducing More Repetitive Work 176

PART 3: MANAGING AND PLANNING YOUR BUSINESS 179

CHAPTER 12: Optimizing Purchase Orders, Price Rules, and Inventory 181
Understanding Purchase Orders 182
Enabling purchase orders 182
Creating purchase orders 183
Managing purchase orders 184
Creating Price Rules 185
Tracking Physical Inventory 186
Grasping inventory lingo 186
Understanding inventory workflows 187
Enabling inventory settings 187
Working with inventory records 188
Managing physical inventory 190
Correcting inventory records 191
Managing More of Your Product Workflow 193

CHAPTER 13: Tracking Performance with Projects, Classes, and Locations 195
Understanding Your Tracking Options 196
Tracking Job Profitability with Projects 197
Enabling the Projects feature 197
Creating projects 197
Managing projects 199
Filtering and reporting on projects 199
Tracking Performance by Class or Location 200
Enabling classes and locations 201
Creating classes and locations 202

Managing classes and locations 203
Running class and location reports 204
Tracking Performance from More Angles 204

CHAPTER 14: **Formulating Budgets** 207
Accessing Budgets 207
Creating Budgets 208
Customizing the Budget View 212
Importing Budgets 212
Downloading the budget template 213
Uploading your budget template 213
Managing Budgets 214
Formulating a Broader Financial Picture 215

PART 4: GETTING MORE FROM QUICKBOOKS 217

CHAPTER 15: **Leveraging QuickBooks Online Advanced** 219
Introducing the Desktop App 220
Installing the app 220
Using the desktop app 220
Backing Up (Most of) Your Company 222
Reviewing your backup history 222
Considering backup limitations 223
Initiating a manual backup 224
Restoring your QuickBooks company 225
Working with personal cloud archives 225
Customizing User Security Privileges 227
Editing prebuilt roles 227
Establishing new roles 228
Extending Your Advanced Administration 229

CHAPTER 16: **Unlocking Advanced Tools and Taming Tasks** 231
Tracking Details with Enhanced Custom Fields 232
Considering enhanced custom field limitations 232
Enabling enhanced custom fields 233
Managing enhanced custom fields 233
Managing Data in Bulk with Batch Transactions 234
Creating records in bulk 234
Modifying or deleting multiple transactions 236
Scheduling Depreciation and Recognition Entries 236
Recording depreciation automatically 237
Recognizing revenue automatically 239

Containing Chaos with Tasks and Workflows 244
Creating and managing tasks 244
Utilizing the Workflow Automation feature 245
Unlocking More Ways to Get Things Done 248

CHAPTER 17: **Building Custom Charts and Reports** 251
Configuring the Performance Center 251
Choosing the Right Reporting Tool 252
Visualizing Reports with Charts 253
Summarizing Reports with PivotTables 255
Building Custom Reports 256
Choosing a starting point 256
Choosing report data 257
Building on Your Reporting Toolkit 258

CHAPTER 18: **Syncing QuickBooks Data with Excel** 261
Getting Started with Spreadsheet Sync 262
Running Standard Reports 263
Creating reports 263
Customizing reports 264
Refreshing reports 264
Creating Advanced Reports 265
Creating management reports 265
Consolidating multiple companies 266
Managing Budgets 267
Working with Records and Transactions 269
Choosing whether to sync changes 269
Understanding what you can sync 270
Working with a template 270
Managing the Spreadsheet Sync Excel Add-In 273
Installing Spreadsheet Sync 274
Signing into Spreadsheet Sync 274
Uninstalling Spreadsheet Sync 276
Syncing Up with Other Options 277

PART 5: RUNNING YOUR ACCOUNTING PRACTICE 279

CHAPTER 19: **Administering Your Practice** 281
Introducing Intuit Accountant Suite 281
Establishing Your Practice 283
Connecting with clients 284
Managing administrative access 288
Joining Intuit's Accountant Program 291
Extending Your Practice Administration 292

CHAPTER 20: **Working in Clients' Books** 293
Accessing Client Companies 293
Working with multiple tabs and companies 294
Signing out securely 295
Using Accountant Tools 296
Undoing reconciliations 296
Reclassifying transactions 296
Writing off invoices 297
Using additional accountant tools 298
Reviewing Your Clients' Books 298
Using Client Overview 298
Exploring Books Review 299
Closing the Books 301
Analyzing Client Performance 301
Working beyond Your Clients' Books 302

CHAPTER 21: **Managing Your Firm** 305
Keeping Track of Your Firm's Work 305
Organizing projects and tasks 306
Reusing recurring work 307
Standardizing your practice 308
Keeping Up with Client Communication 308
Tracking Your Firm's Time 309
Managing More of Your Firm's Work 309

PART 6: EXPLORING QUICKBOOKS DATA WITH EXCEL . . . 311

CHAPTER 22: **Unleashing Your Data in Excel** 313
Optimizing Reports for Data Analysis 313
Transforming an Exported Report 314
Sifting through Your QuickBooks Data 316
Filtering data 316
Slicing data 317
Sorting data 319
Summarizing Data with PivotTables 320
Understanding PivotTable requirements 320
Adding fields to PivotTables 321
Refreshing and resizing PivotTables 322
Removing fields from PivotTables 323
Going Further with QuickBooks and Excel 324

CHAPTER 23: **Taming QuickBooks Analysis with Power Query** 325
Getting Started with Power Query 326
Preparing the source workbook 326
Connecting the source workbook 327
Exploring the Power Query Editor 327
Transforming the Source Data 329
Performing basic transformations 329
Seeing refresh in action 331
Revisiting your transformation 332
Streamlining Power Query Updates 333
Delving Deeper into Power Query 334
Understanding refresh behavior 334
Exploring Power Query's advanced features 335
Going Further with Reporting Automation 336

PART 7: THE PART OF TENS 337

CHAPTER 24: **Ten Common Journal Entries** 339
Documenting Ten Common Journal Entries 339
Recording a bank service charge 340
Adjusting your checking account balance 340
Adjusting a liability account downward 340
Replenishing a Petty Cash fund 341
Recording payroll from a third-party service 341
Amortizing prepaid expenses 342
Accruing expenses 342
Accruing income 343
Posting depreciation 343
Maintaining an allowance for doubtful accounts 344
Decoding Debits and Credits 344
Creating Journal Entries 345
Recording Journal Entries 345

CHAPTER 25: **Ten Things QuickBooks Won't Tell You** 347
Getting Lost in Translation 348
Expecting the Rent to Go Up 350
Realizing that Intuit Wants Even More Money 351
Attempting to Export Your Accounting Records 351
Making Irreversible Clicks 352
Keeping Up with Constant Change 352
Realizing AI Isn't Optional Anymore 353
Resolving Character Flaws 353
Living with Immortal List Entries 354
Managing Attachments 354

CHAPTER 26: **Ten Things to Remember about AI** 355
Managing a Very Confident Intern 355
Seeing that Matching Patterns Isn't Thinking 356
Expecting Different Answers to the Same Prompt 357
Giving AI Something to Work With 358
Recognizing When AI Wants to Stroke Your Ego 359
Keeping AI from Short-Circuiting Critical Thinking 360
Recognizing How AI Amplifies Direction 361
Remembering the Peter Principle 361
Realizing that Thinking Isn't Remembering 362
Weighing the Cost of AI 363
